ITALY CONTINUES UPON OFFENSIVE; AMERICAN STEAMSHIP TORPEDOED

COALITION GOVERNMENT NOW A FACT

King George's Approval Announced This Morning Ends Crisis

GENERALLY ACCEPTED AS BEST SOLUTION OF MUDDLE

NO ENTHUSIASM SHOWN

In Field of Military Operations the Onslaught of General Von Mackensen Against Russian Lines, Proves That Austro-German Offensive Has Not Exhausted Itself.

[ASSOCIATED PRESS TELEGRAM]

London, May 26.—The approval of King George has made the coalition government, as announced this morning, an accomplished fact and it is generally accepted as the best solution of a bad muddle. Nevertheless the country shows no great enthusiasm over this compromise for the usual party cabinet.

In the field of military operations, the great onslaught of General von Mackensen against the Russian line to the north of Przemysl and around Jaroslau indicates that the powers of the Austro-German offensive are not exhausted and verifies the belief general in London that the Russians are not well equipped for the defense of this position. Przemysl has not been sufficiently repaired to rank again as a great fortress. It is rather a heavily fortified camp which needs considerable artillery for its reduction.

In the Dardanelles, the allies are officially reported to be slowly advancing against the stubborn opposition of the Turks, who have been granted an armistice to bury 3,000 of their dead in front of their trenches.

Along the western line of battle the Germans hold a trench east of Ypres which they captured Monday morning from the British and held against counter attacks during the day. Yesterday the French offensive north of Arras developed new vigor with the result that a number of German positions were captured. This French advance like the German move against the British, is not of wide extent, but it included some formidable works.

The official Italian announcement reviewing the first 36 hours of war claims the capture of several Austrian towns just across the border and the occupancy of all frontier passes in Cadore together with a continuation of the successful advance on the Carniola and the Friuli frontiers.

Vienna counters with the official claim that the Austrian naval raid inflicted considerable damage on the Italian coast and on Italian war craft.

The illness of King Constantine of Greece is the feature of the diplomatic situation in the near east. The death of this ruler it is argued, here, would end Greece's chief reason for maintaining neutrality.

Veritable Death Ship Nears Harbor From Cienfugeos, Laden With Sugar; Eight of Crew Have Died of Beri-Beri

[ASSOCIATED PRESS TELEGRAM]

New York, May 26.—A veritable death ship is nearing New York, according to a wireless message received today by health officer O'Connell.

The message said that the British steamer Dewa, under command of Captain Evans and laden with sugar from Cienfuegos, had 26 cases of beri beri among her crew of forty men and that eight men had died of the malady since the vessel sailed.

The Dewa is reported to have sailed from Havana May 4 for Cienfugeos. Apparently she made that port and departed for New York.

No Passengers Aboard Ship; Crew Took to Boats; Finding She Did Not Sink, Returned

Washington Officials Have Received Official Notice Of The Near Disaster, but Are Withholding Any Comment Until Detailed Rrports Are Received As To the Cause, Manner and Author Of the Torpedoing

SUGGEST POSSIBILITY SHE MAY HAVE STRUCK MINE

Coming So Close Upon the Lusitania Incident, the Mere Fact An American Ship Was Endangered Attracted More Than Ordinary Attention — It is Not Understood Why a Ship Carrying No Cargo Should Have Been the Mark of a Submarine, As Nebraskan Could Have Aboard No Contraband.

[ASSOCIATED PRESS TELEGRAM]

London, May 26.—The American steamer, Nebraskan, Captain Green, from Liverpool, May 24, bound for Delaware Breakwater, was torpedoed yesterday by a submarine at a point forty miles west-southwest of Fastnet, off the South coast of Ireland.

The sea was calm at the time. The crew at once took to the boats and stood by the steamer.

It was soon ascertained that the Nebraskan was not seriously damaged. She had been struck forward and her foreholds were full of water.

The crew returned on board and got the vessel under way. No lives were lost among the crew. The Nebraskan did not carry any passengers.

The foregoing information was received today by the British admiralty in London and it was at once communicated to the American embassy.

Immedately she was struck, the Nebraskan began calling for help by wireless. Browhead received the wireless communication at 9 a. m. yesterday from Crookhaven.

The American steamer Nebraskan Captain Green, is owned by the American Hawaiian Steamship company of New York and is of 2 834 tons net register. On her last eastward trip she left New York May 7 for Liverpool.

The torpedoing of the Nebraskan was a surprise to American officials here. Apparently it occurred before 9 o'clock last night. All foreign vessels leaving Liverpool recently have had their names and nationalities painted in large letters on their sides and have flown large flags. Yesterday evening was clear and the period between 8 and 9 o'clock is the twilight hour in the British islands at this season.

A message to Lloyds says that an armed trawler went to the assistance of the Nebraskan and stood by her all night.

The German submarine campaign is continuing actively. Dispatches from Norway say the people of that country have been aroused by the sinking last week of the Norwegian steamer Minerva, and the attempt to torpedo the Iris, which went to her assistance The steamer Cromer, loaded with passengers, had a narrow escape from being torpedoed while bound for Rotterdam yesterday. A submarine fired a torpedo without warning. It missed the ship by only 15 yards.

According to the captain's story to Rotterdam correspondents, the periscope was seen 500 yards distant and then the wash of the torpedo which was moving so rapidly that nothing could be done to avoid it. The attack occurred at a point four miles north of North Hinder Lightship.

ONLY TWO VOYAGES MADE BY NEBRASKAN SINCE WAR BEGAN.

[ASSOCIATED PRESS TELEGRAM]

Philadelphia, May 26.—The steamship Nebraskan, it was said, here, is bound for Delaware Breakwater in ballast for orders. This means that upon arrival there, the agents of the ship should direct its master to proceed to any port where a cargo might be procured, possibly to the Pacific coast, via the Panama canal.

The Nebraskan sailed from New York, May 7 and arrived at Liverpool on May 10. Previous to the war the ship had been active in trade between Northern ports and Galveston but since the outbreak of the war had made one voyage to London and one to Bremen.

AMERICAN CONSUL AT LONDON CABLES STATE DEPARTMENT.

[ASSOCIATED PRESS TELEGRAM]

Washington, May 26. — Consul General Skinner, at London, cabled today:

"The British admiralty reports the American steamer Nebraskan torpedoed."

He gave the same location in the London dispatch and added that he had received no direct report.

The text of Mr. Skinner's cablegram follows:

"Admiralty reports American steamer Nebraskan, Liverpool for Delaware Breakwater, torpedoed forty miles south by west, Fastnet. Crew and boats standing by. Weather fine. No direct reports."

U. S. OFFICIALS AWAIT REPORTS BEFORE ACTING.

[ASSOCIATED PRESS TELEGRAM]

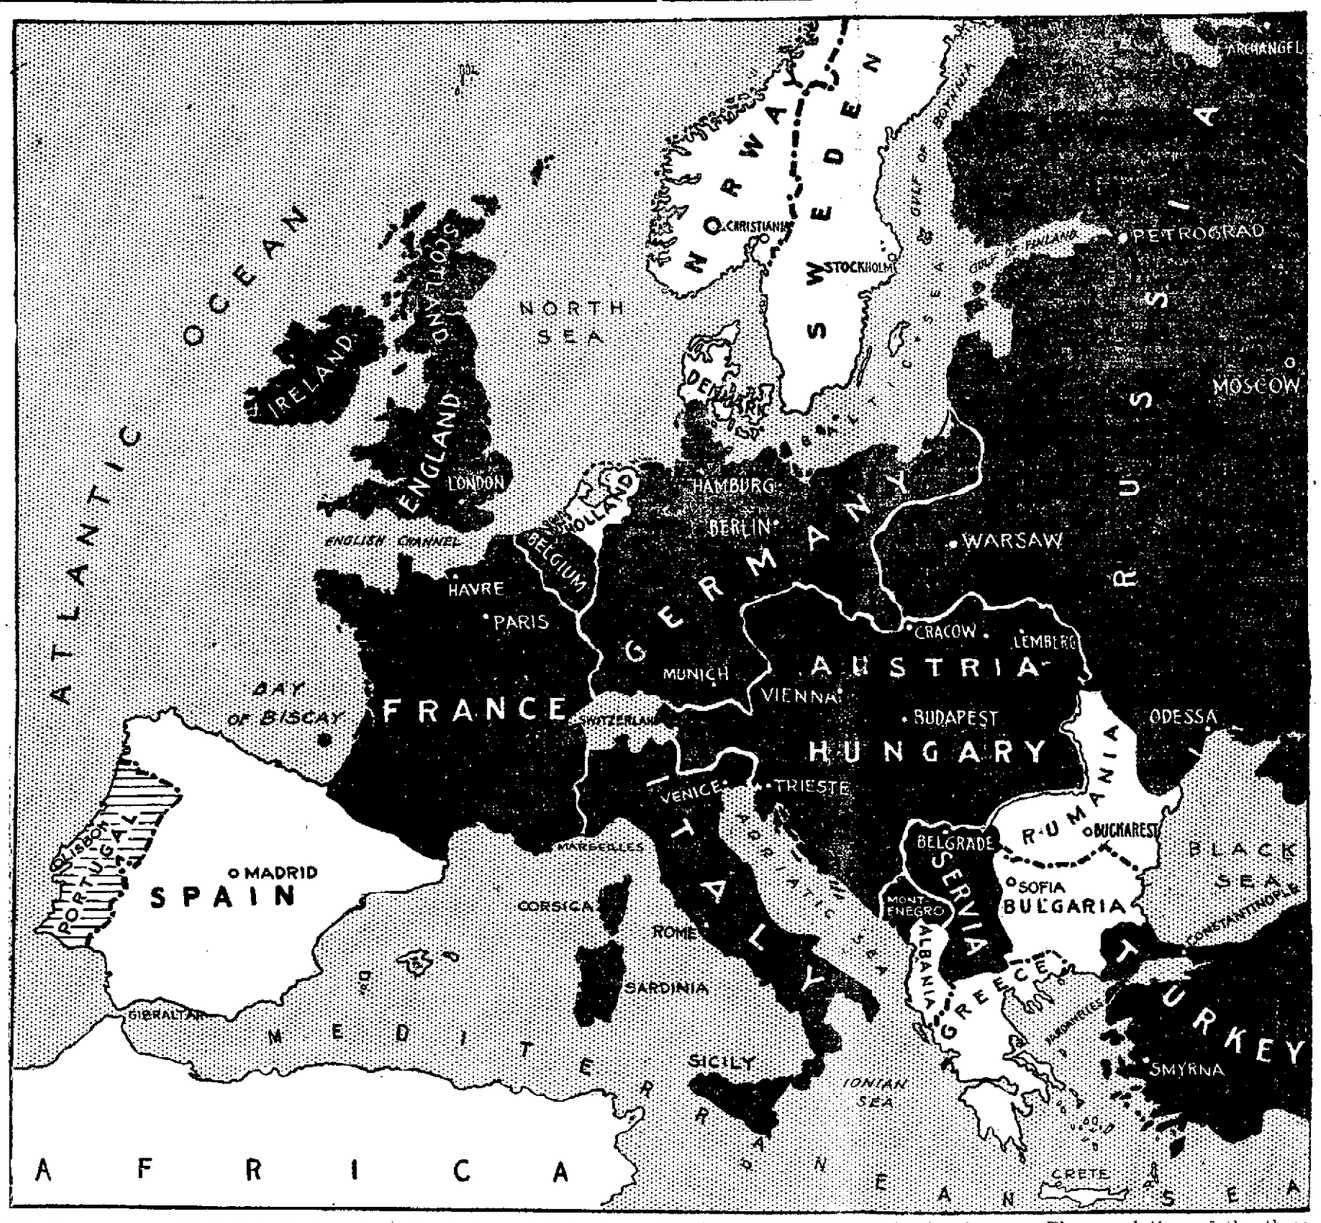

Washington, May 26.—The government had no report form the embassy in London nor from any of the consuls along the Irish coast of the plight of the steamer Nebraskan.

Coming close on the Lusitania disaster, the news that another American ship had been endangered, aroused more than ordinary attention, but all officials were disposed to hear details before making comment.

Some officials could not understand why a ship bound for the United States in ballast and therefore carrying no contraband should have been endangered by a torpedo

(Continued on Page 9, Col. 4.)

The War Cloud Now Blackens Nearly All Europe.

With the entrance of taly into the war, the black cloud which has partly covered Europe is now so extended that only the least important nations are not covered by it. They are the least in population as well as in area. They are Spain, Norway, Sweden, Denmark, Holland, Switzerland, Roumania, Bulgaria, Greece, and Albania, which is in a turmoil. Roumania particularly, and Bulgaria and Greece, in the minds of most diplomats will be drawn in with Italy. The ships of Holland, Norway Sweden, and Denmark have been repeatedly attacked in violation of international law, as stated by President Wilson. So they have constant incentive to join.

In fact, Spain is the single nation which seems to be without trouble. Portugal is just now in the throes of a revolution.

The population of the allied nations at war is as follows:

Nation	Population.
Great Britain	45,000,000
France	40,000,000
Russia	141,000,000
Italy	35,000,000
Belgium	8,000,000
Serbia	4,500,000
Montenegro	500,000
Total	273,500,000

The population of the three nations in the Germanic alliance are:

Nation.	Population.
Germany	65,000,000
Austria-Hungary	50,000,000
Turkey (Europe and Asia)	21,000,000
Total	136,000,000
Grand Total at War	409,500,000
Population of Europe	453,000,000
People not in the war	43,500,000
Portugal in revolution	6,000,000
People at peace	37,500 000

King Victor's Soldiers Are Advancing In Every Direction Along the Frontier From Lombardy to the Adriatic, Taking Cities

[ASSOCIATED PRESS TELEGRAM]

Rome, May 25.—Via Paris, May 26.—Offensive operations resulting in the occupation of Austrian territory all along the frontier from Lombardy to the Adriatic, are claimed in an official statement issued tonight by the war office. Italian troops have seized various towns in the Trentino and forced their way through mountain defiles. On the lower Isonzo, attacks were continued to gain the line of the river. The Austrians are said to have retired, destroying bridges behind them. Italian aviators bombarded Monfalcone near the Gulf of Triest. The communication follows:

"Everywhere on the 24th our troops took the offensive, occupying Forcella, Montezzo, Tonale and Pontecaffaro in Val Giudicaria, the territory north of Ferrara and Montebaldo.

"They also occupied Monte Reorno and Monte Foppa on the slopes north of Lessini; Monte Pasubia and Monte Baffelan at the extremity of the Agne and Leogang valleys and the defiles of Val Brenta. We took a number of prisoners.

"In Cadore we occupied all the frontier defiles. The enemy's medium-calibre artillery opened fire on the bay of Misfirina, but without results.

"On the Carnia frontier on the night of the 24th, we took by a bayonet attack the defile of Val d'Inferno and the extremity of Val Dagno.

"On the Friuli frontier on the 25th in the middle of the Isonzo region we successfully continued our offensive operations near Catoretto. We have disposed troops on the conquered heights between the Junrio and the Isonzo. Medium calibre artillery of the Austrians at Santa Maria and Santa Lucia to the southwest of Tolmino opened fire on the heights between the Judrio and Isonzo, but without result.

"On the lower Isonzo, we also continued our offensive to attain the line of the river. Everywhere the enemy retired, destroying bridges and cutting communications.

"Our aviators bombarded the electric powerhouse and railroad station at Monfalcone."

Woman Instantly Killed By an Ohio Electric Car She Intended to Board

Mrs. George R. Taylor, 62 years old, wife of former Turnkey Taylor at the county jail, was instantly killed Tuesday evening by an Ohio Electric car at Fullerton's stop, between Hebron and Buckeye lake. The accident occurred about 6:40 o'clock. The car which struck the woman was bound for Newark and had just left the Buckeye Lake station a few minutes before.

The victim of the accident had been at the home of J. J. Fullerton where she attended the funeral of Mr. Fullerton's sister Miss Emma E. Fullerton, a life long friend of Mrs. Taylor.

Mrs. Taylor had expected to board the Newark bound car for her home here. Accompanied by Mrs. Fullerton, she left the Fullerton yard and

Railroad Employes Urge Veto Of Graham's So-Called Full Crew Bill; No Agreement Yet On Gerrymander

[ASSOCIATED PRESS TELEGRAM]

Columbus, May 26.—J. E. White legislative agent for railroad trainmen appealed to Governor Willis to veto the Graham so-called "full train crew" bill, which has been passed by the legislature. He said a sleeper had been discovered in the measure after it had been amended by the senate. The bill now compels railroads to maintain not less than two

(Continued on Page 10, Col. 5.)

Problems Confronting South America Since War Are Discussed

[ASSOCIATED PRESS TELEGRAM]

Washington, May 26.—Discussion of the problems confronting South and Central American republics in consequence of the European war and plans for solving them were continued today by delegates from those countries to the Pan-American financial conference. There was no general session of the conference today, but delegates resumed their "group conference. They took up in detail with business men and bankers representing the United States at the conference their peculiar needs and told how capital and credit could be employed to the best advantage in strengthening commercial relations.

The Honduran delegates discussed the possibility of "shaking off" British control of their railroads. The

Dutch Liner Collides With Tramp Freighter; All Aboard Are Saved

[ASSOCIATED PRESS TELEGRAM]

New York, May 26.—The Dutch liner Ryndam with a million dollar cargo collided about 4 o'clock this morning with the tramp freight steamer, Joseph J. Cuneo, but no lives were lost in the accident.

The first wireless message received here said that the Ryndam had transferred her passengers and part of her crew to the Cuneo but that both vessels were badly damaged. It was reported that the battleship Texas and another steamship were going to their aid.

The collision, it was reported, took place 15 miles southwest of the Nantucket shoals lightship, about 4 a. m.

The Ryndam, a vessel of 7,976 tons, sailed from this port yesterday afternoon with 70 passengers in her first and second cabins and 115 in her third cabin.

The Cuneo is a Norwegian freighter of 546 tons. She plies between Atlantic coast ports and the West Indies. It is believed that she carried no passengers.

The Atlantic fleet, which has been engaged in maneuvers, lies in the neighborhood where the accident occurred and it was thought that the disabled ships would not lack assistance.

Further messages from the Ryndam said that one of her holds was full of water and that another hold and the engine room were leaking. She reported that she was steaming slowly towards this port accompanied by the Cuneo and would continue to proceed as long as she could master the water in the last compartments. Forty members of the Ryndam's crew, these messages said, remained on board.

The Ryndam's wireless became fainter and fainter and it was difficult for the wireless stations to communicate with her. Two warships of the Atlantic fleet hurrying to the assistance of the disabled vessel, came up alongside the Ryndam about 7 o'clock and steamed along with the liner which made very slow progress. The arrival of the war vessels virtually insured the safety of those of the crew who had remained on the Ryndam to navigate her as long as she remained afloat.

From wireless reports received later it was said that the inrush of water in the holds of the Ryndam had been checked and the steamship was enabled to increase her speed to 12 knots or more. Meanwhile the Cuneo, with the Ryndam's passengers and part of the crew headed to the westward toward this port. No wireless messages were picked up from the Cuneo and it was not known here whether she was equipped with long range wireless. The extent of the Cuneo's damage has not been ascertained, but it could not have been anything serious because immediately after the collision all the Ryndam's passengers and part of the crew were transferred to the Cuneo.

The Ryndam was said to be heavily laden with a general cargo of foodstuffs and merchandise for Holland.

The progress of the Ryndam was a continual fight on the part of the crew to prevent hold No. 6 from filling. With hold No. 5 filled, the water gained slowly in No. 6, notwithstanding every effort to check it, and officers of the Ryndam made preparations to abandon the liner in event the situation grew worse.

Although the cause of the accident has not been stated it was believed that a heavy fog which was brought up by a southeasterly wind late last night, was responsible for the collision. Fortunately, the sea was not heavy at the time the steamships crashed together.

The number of passengers aboard the Ryndam, it was announced at the office of the line today, was seventy-seven, of whom twenty were in the first cabin, thirty-four in the second, and twenty-three in the third. The crew numbered 200.

The Ryndam's cargo consisted chiefly of foodstuffs and was valued at approximately $1,000,000. The bulk of her shipments were consigned to the Netherlands Overseas Trust at Rotterdam. The list included 266,000 bushels of corn, 5000 bags of flour, 500 cases of linseed oil, 200 bales of cotton, 300 kegs of wire nails, and fifteen boxes of corrugated sheet iron.

It was said that most of her passengers were Europeans returning home and that only a few were Americans.

The owners of the Joseph Cuneo said that she carried no steerage passengers and that her crew consisted of twenty men. She is a small tramp steamer plying in the fruit trade between Boston and the West Indies.

So far as could be learned the cabin passengers included only six Americans, all from the east.

The Ryndam sailed yesterday for Rotterdam with 77 passengers and a million dollar cargo.

The Ryndam, wireless reports indicate, was struck aft with such force that hold No. 5 filled almost immediately, water flowed freely into the engine room and began to creep up in hold No. 6.

The Cuneo's bows were smashed in badly.

S O S signals were flashed from the Ryndam's wireless and her passengers were transferred hastily to the Cuneo. One hundred and sixty of the Ryndam's crew and 200 likewise were put aboard the freighter, leaving only forty men aboard the liner to navigate it.

United States battleships in the vicinity answered the wireless calls. At 7 o'clock, three hours after the collision, the battleship South Carolina was standing alongside the Cuneo. The Ryndam's passengers and those of her crew who had been transferred to the Cuneo were taken off by the South Carolina. The battleship was directed by wireless from the Newport navy yard to convoy the stricken liner to this port.

With the South Carolina alongside, the battleship Texas ten miles astern, the battleship Louisiana in the near vicinity and the Cuneo slowly following, the Ryndam was steaming at slow speed for this port, one hundred and twenty-four miles east of the Ambrose Channel lightship at 10 o'clock. At that hour her captain sent a wireless message to the Holland-American line, her owners, saying that the Ryndam's engines were much strained, but still holding out.

Previous messages from Captain Van Der Heuvel asserted that the water was gaining in No. 6 hold and that the ship would have to be abandoned if the water gained much more.

So far as the line knew, there were only six Americans among the passengers. The other passengers, it was said, were Europeans returning home.

The Ryndam, a vessel of 7,976 tons register net, was built in Belfast in 1901. Her length was 500 feet, her beam 66 feet.

The Cuneo is a steamer of about 800 tons capacity. She carried a crew of twenty men and no passengers. Her length is 210 feet.

Dispatches sent during the forenoon by the South Carolina said the Ryndam was making 13 knots on her way to this port. This speed, if maintained, would bring her to New York late tonight or early tomorrow.

U. S. BATTLESHIPS ANSWERED CALLS AND RUSHED TO RESCUE.

[ASSOCIATED PRESS TELEGRAM]

Boston, May 26.—A wireless message to the naval radio station here stated that the passengers and part of the crew of the steamer Ryndam, transferred to the steamer Joseph J. Cuneo after the collision of the two vessels early today, later were put abroad the battleship South Carolina. The Cuneo sailed from Boston last night for Baracoa, Cuba.

No details were given as to the circumstances of the accident or the nature of the damage sustained by either vessel, except that the Ryndam was taking considerable water.

Calls for assistance were answered by several steamers and by the South Carolina and other United States battleships. The transfer of passengers and part of the crew occupied about an hour and was accomplished without mishap. The Ryndam then headed for New York at a speed of seven knots an hour with the Cuneo close behind.

The South Carolina came up with the two vessels soon after 7 o'clock. At the request of Captain Aamodt, of the Cuneo, the persons taken from the Ryndam were transferred to the battleship. The message received did not state at what port the South Carolina would land them, but it was thought that she might convoy the Ryndam to New York.

COMMENCEMENT OF ALEXANDRIA HIGH SCHOOL

The twentieth annual commencement of the Alexandria high school was held last evening at the town hall in that village and it was crowded to overflowing by friends and relatives of the class who bid adieu to high school work.

The stage was handsomely decorated in the class colors, silver, gray and pink, and with the class flower, pink roses. A pretty banner on which was inscribed the class motto was in the background.

There were eight graduates, James Anthony Price, Bessie B. Clark, Aerie W. Long, Ruby Tyler, Paul B. Stager, Olive A. Daniels, E. Lucile Capelle and Raymond E. Daniels. The class president's address was delivered by Mr. Price and the valedictory by Mr. Daniels.

Music was furnished by an orchestra of six pieces from this city and their program included classic and popular selections and it was thoroughly enjoyed. The invocation was delivered by Rev. K. B. Alexander, and the presentation of diplomas was made by Walter Castle, president of the board of education. The benediction was pronounced by Rev. Evans.

U. P. CONVENTION'S OPENING TONIGHT

[ASSOCIATED PRESS TELEGRAM]

Loveland, Colo. May 26.—The 57th assembly of the United Presbyterian church of North America, which will be in session here from May 26 until June 3 inclusive, is expected to open with the address tonight of the moderator, Joseph Kyle of Xenia, Ohio. Fifty-seven Presbyteries will be represented.

The main issue to come before the assembly is expected to be the proposed amalgamation with the Presbyterian church.

JUG RUN

Rev. A. K. McCall of Worthington, will preach at Perry Chapel, Sunday and Sunday night, May 30.

Mr. and Mrs. Frank Howell of Columbus, is spending the week with their parents, Mr. and Mrs. E. C Howell.

Orville Hughes returned home, Thursday from North Carolina, where he spent the winter teaching.

Mrs. Nancy Frampton, who has been for the last three weeks with her son, Jay Frampton and family, went to Perryton, Sunday, where she expects to visit relatives for a few days.

Mr. and Mrs. Joseph Dickerson and children spent Sunday with relatives at Cooperdale.

Mr. and Mrs. Walter Howell of St. Louisville, Sundayed with their parents, Mr. and Mrs. E. C. Howell.

Mr. and Mrs. John Hoidbrook and son, Paul, were the guests of relatives at New Guilford, Saturday.

Miss Doris Frampton spent Sunday night with her grandparents, Mr. and Mrs. E. D. Rinehart.

George Frampton and sister Anna, spent Saturday in Newark.

Miss Esta and Ida Billman took dinner with Mrs. Joseph Dickerson, Thursday.

Mrs. Gertie Priest and daughter, Cecil, of Martinsburg, were the guest of Mrs. William Dugan, Sunday.

Mr and Mrs. E. C. Howell Mr. and Mrs. Walter Howell, attended services at Perryton Sunday night.

William Dugan spent Sunday with William Beckham at Pleasant Valley.

Carl Beckham spent from Friday until Sunday with Mr. and Mrs. William Dugan.

Otto Davidson and Miss Velma Dugan attended the show at Mt. Vernon, Friday.

E. D. Rinehart and daughter, Annabelle, called at William Frampton's, Saturday evening.

Mrs. Martha Billman and Mrs. Ida Clark spent Wednesday afternoon with Mrs. Jay Frampton.

The Missionary Circle of the Perry Baptist church will meet with Mrs. Frank Rinehart, Thursday, June 3. All members are requested to be present at this meeting.

You never can tell. Even the man of letters may not know enough to mind his p's and q's.

NEWARK PRIEST WILL CELEBRATE HIS FIRST MASS

On Sunday morning, May 30, the Church of the Blessed Sacrament will be the scene of a ceremony of great interest, for on that day, Frank Mueller, son of Mr. and Mrs. Jacob Mueller, of 191 North Cedar street will celebrate his first mass. Mr. Mueller will be ordained on Saturday morning May 29, at the Cathedral in Columbus, by Bishop James J. Hartley, bishop of the Columbus diocese.

Mr. Mueller is a graduate of the St. Francis de Sales High School, of St. Vincent's College near Pittsburg and St. Mary's seminary at Cincinnati. His first mass will be celebrated at his home church and will be attended by impressive ceremonies. The mass will be a solemn high mass at 10 o'clock and a number of priests will assist.

ALUMNI BANQUET KIRKERSVILLE HIGH GIVEN LAST NIGHT

The third annual alumni banquet of the Kirkersville high school was given last evening at the I. O. O. F. hall in that village, 80 members being present.

The banquet was served by the ladies of the Baptist church and was elegant in all its appointments. The menu was as follows:

Tomato Soup. Flakes.
Creamed Chicken in Ramekins.
Potatoes in White Sauce.
Green Peas. Radishes.
Buttered Rolls.
Potato Salad. Cheese Wafers.
Pickles.
Olives. Mints.
Ice Cream. Cake.
Strawberries. Cream.

After the last course had been served chairs were shoved back and Mr. C. L. Riley was introduced as toastmaster. The first speaker whom he called upon was Miss Gladys S. Dill, a member of the class of '98, who responded to "Friendship." She was followed by Prof. C. H. Emswiler whose subject was "Remarks." After music by the orchestra Nicholas G. White of the class of '04, responded to the toast "The Things That Count." He was followed by Theodore Brown of the class of '10, and spoke on "Over the Fence is In."

After a selection by the orchestra Edwin M. Larason of this city was introduced and responded to "Reminiscences." Mr. Larason was the first graduate of the Kirkersville high school, leaving that institution in 1890. His father, Prof. O. C. Larason, was the superintendent at the time and prescribed the first course of studies. Mr. Larason went back to the early founding of the school and his effort was interesting as well as instructive. The last toast on the program was by Chas. V. Walker, of the class of '98, his subject being "In Memorial." There were a few brief remarks by other members of the alumni at the call of the toastmaster and after a short business session and music by the orchestra the third annual banquet of the alumni came to an end, being more than successful in every feature. It will long be remembered by all in attendance.

RED OAK HILL

James Marriot spent Tuesday afternoon at this place.

Mrs. Anna Banks, Olive Levingston, Frank Burrell and Ethel Thompson were Newark vistors Wednesday.

A. A. Banks called at the home of S. T. Thompson, Thursday evening.

Mr. and Mrs. Arthur Wilson called on the former's brother, Mr. Allen Wilson and family Wednesday.

Messrs. Cary and Dennis Coon were Newark callers Wednesday.

Mrs. Laura Thompson spent Friday afternoon with Mrs. Lizzie Wilson.

Misses Ethel Thompson and Inez Ridenbaugh called on Miss Retta Coon Friday night.

Miss Delia Devoll spent last week at the home of her parents.

Miss Ethel Thompson returned home Saturday after a weeks visit with her cousin, Mr. and Mrs. Fred. Davis.

Mr. and Mrs. Allen Banks spent Sunday with her parents Mr. and Mrs. Clem Keaser.

Mr. and Mrs. S. T. Thompson and daughter, called on Mr. and Mrs. Orla Gutridge Sunday.

Mr. and Mrs. George Pimm and children Levi, Celia and Ira spent Sunday with Mrs. Pimms parents, Mr. and Mrs. John Rector.

HARMONY

Preaching services next Sunday morning and evening. In the evening Mr. Deer will preach his farewell sermon.

Several from this neighborhood attended the baccalaureate sermon in Johnstown Sunday night.

Mr. and Mrs. Peter Turner, Mr. and Mrs. Noah Overturf and daughter were after Sunday school guests of Mr. and Mrs. James Overturf Sunday.

Mr. and Mrs. W. A. Whissen and children were Sunday guests of Mr. and Mrs. Leonard Mason near Homer.

Mrs. Alberta Crouse and Mrs. Winnie Overturf spent Friday in Granville.

F. F. and W. L. White were Columbus visitors Monday.

Watch Your Children

Often children do not let parents know they are constipated. They fear something distasteful. They will like Rexall Orderlies—a mild laxative that tastes like sugar. Sold only by us, 10 cents.

Hall's Drug Store.

The Stein-Bloch "Monroe".

The Clothes We Provide Are Real Achievements

IN thinking of them, key your expectations to a high pitch—don't let usual standards govern the matter—expect higher and finer qualities.

EXPECT carefully selected woolens and the newest patterns—tailored to our special order by Stein-Bloch and other reliable makers of Smart Men's and Young Men's (lined and part lined) Smart Suits.

EXPECT—in short—not merely clothes—but the very best styles and clothes values your money can buy at

$10, $15, $20 and $25

MOTOR TRUCKS TO COST $11,888.70; HORSES TO SELL

Newark will spend $11,888.70 for the motor apparatus for the fire and police departments according to announcement of the public safety department today. The two fire trucks for headquarters were offered for $9,600 by the Harwood-Bailey company of Marion, Ind. To this amount was added $300 to secure larger engines which will develop 80 horse power in each truck, making the total cost $9,900. In addition, the apparatus is to be equipped with life nets, a turret nozzle, and other modern appurtenances not offered by other companies.

The Buick police patrol truck was offered for $1,900. To this was added $88.70 for two extra casings and two inner tubes and an extra rim for mounting the quick-change tires, bringing the total cost of the patrol vehicle to $1,988.70.

When the new apparatus is delivered the city will offer for sale the three teams which will be replaced by the three vehicles. Under no circumstances will the city officials permit the horses to go into hands where they might be resold to the agents of European countries, buying cavalry horses in this country. The beasts have rendered good service and are entitled to a rest. An effort will be made to get them good homes in the country.

SOCIETY LEADER IN NEW YORK IS DEAD OF APOPLEXY

[ASSOCIATED PRESS TELEGRAM]

New York, May 26.—Mrs. Stuyvesant Fish, wife of the financier and railroad man and the leader of New York's social set, died at 10:45 last night at here summer home in Garrison, N. Y., according to advices received here today. Apoplexy was the cause.

Her husband was with her when she died, but her three children, Stuyvesant, Sydney and Mrs. Albert Z. Gray, did not reach the house till a short time after she had died.

Mrs. Fish was born in New York. Her maiden name was Marion Graves Anthon. On June 1, 1876, she was married to Stuyvesant Fish, a well-known railroad man and financier and a son of Hamilton Fish, secretary of state in the cabinet of President Grant. With her husband, she was interested in many charaties and entertained liberally.

TRACTION COMPANY CLAIMS FRANCHISE WAS IN PERPETUITY

[ASSOCIATED PRESS TELEGRAM]

Columbus, May 26.—Whether the Northern Ohio Traction and Light company was granted a perpetual franchise to operate an interurban line between Canton and Massillon by Stark county commissioners more than 20 years ago, was argued before the supreme court today by counsel for the company, Virgil P. Kline of Cleveland, prosecutor A. T. Snyder of Stark county and former prosecutor H. C. Pontius.

Pontius had sought by court proceedings to compel the company to remove its tracks. The traction company refused, declaring it held a franchise in perpetuity.

DICK OPENS HIS HEADQUARTERS

[ASSOCIATED PRESS TELEGRAM]

Columbus, May 26.—Rooms were engaged at a local hotel today for Charles F. Dick of Akron, former United States senator, and supposed candidate for the Republican senatorial nomination in 1917. He is expected to arrive tomorrow and confer with a number of legislators, who will return for the final session of the assembly.

DECORATIONS AT CATHOLIC CHURCH JUST COMPLETED

Decorators have just completed their work at the Church of the Blessed Sacrament in East Main street, the interior having been completely changed. The Bryant Brothers & Company of Columbus have been in charge of the work and the walls are done in a light shade of tan with stencilings of brown at the ceiling. The whole makes a bright and attractive interior, and new stations of the cross are being arranged and will soon be in place.

A pipe organ has been installed, and is being played by the organist, Miss Bernice Floyd. The church has a seating capacity of six hundred and fifty, and Rev. Father Charles Wettersen is the pastor of the East Newark parish.

PRESIDENT TAKES DEEP INTEREST IN FUTURE OF CHINA

[ASSOCIATED PRESS TELEGRAM]

Washington, May 26.—Deep interest in the future of China was expressed by President Wilson today, in welcoming the commission of Chinese business men touring the United States to study the commercial methods. The president told them the interest of the people of the United States in China was not merely a commercial or a professional interest. Headed by Kai Fu Shah, the Chinese minister, the delegation was received in the Blue Room of the White House. Each member of the party was personally introduced by the minister.

Spokesmen for the commission told the president they brought greetings from the Chinese republic to the president and people of the United States and that they would endeavor to make their republic a real sister.

Replying, President Wilson spoke as follows:

"It is not a mere form that I go through in expressing to you our very cordial welcome to the United States. I think that I can say to you with the acquiescence of all my fellow countrymen, that our interest in China is not merely a commercial interest and is not merely a professional interest. The people of the United States are deeply and sympathetically interested in China and in the unlimited future that lies before your great republic.

"We have, of course, naturally rejoiced to see you adopt a form of government which seems to us the best vehicle of progress, the republican form of government; and it has been a great satisfaction to us, to feel that your great nation with its unlimited capacity and possibilities, is to be linked with ours in what we hope will be a common conception of liberty and the progress of mankind.

"I hope sincerely that everything has been done for your comfort and convenience, and if anything has been overlooked or omitted, that you will give us the advantage of any suggestion so that we may put ourselves at your service. My welcome is hearty and I am sure that every true American would wish to co-operate with me and join me in this welcome."

KING'S CONDITION CRITICAL.

[ASSOCIATED PRESS TELEGRAM]

London, May 26.—The condition of King Constantine of Greece continues critical, according to a dispatch received today by the Exchange Telegraph company from its correspondent at Athens.

More than 100,000 pedestrians and 20,000 vehicles pass over the London bridge daily.

CHINESE OPIUM DEN WAS RAIDED; DRUG FORFEITED

[ASSOCIATED PRESS TELEGRAM]

Toledo, May 26.—As a result of the biggest dope raid in Toledo, five Chinese are to have a hearing by United States Commissioner Crane.

In the raid, which was made last night by Federal Inspector Oyler and City Detectives Hassenzahl and Salhoff, equipment worth $1,500, opium worth $3,000 and $2,000 in cash were found.

The raid will deprive 200 of their supply of opium, it is said.

The raids were made at the establishments of Kwong Tong Low, 338 Ontario street, and Sam Wah, also known as Lee, 617 Jefferson avenue.

EFFORT TO HAVE BUCKEYE BAND ON DECORATION DAY

An effort is being made to secure the services of the Buckeye band for Decoration Day. In previous years there has been no funds available for that purpose but this year those having the success of the parade at heart have decided to engage the band providing they can raise funds for that purpose. The management of the Kozy theatre has voluntarily agreed to contribute twenty-five per cent of their gross receipts Thursday and Friday for the purpose. Their kindness is appreciated by the committee having the matter in charge and any one desirous of contributing to the fund may do so by calling upon Chas. Walton, representing the Spanish War veterans.

CLERK INJURED; FELL AGAINST WINDOW GLASS

Fred Ryan, employed at the Bargain Shoe store in South Park Place, was painfully injured when he fell against a broken window glass on Tuesday evening. He was engaged in removing the fragments of broken glass when he slipped and in falling struck his head against the glass. A deep scalp wound was inflicted above the left eye, and a small artery was severed. He was taken to the office of Dr. C. F. Legge, where it required five stitches to close the wound.

Want a house? Read the Wants.

A Simple Constipation Remedy—Try It

For quick, positive relief from constipation, sour stomach, biliousness, inactive liver, bad breath, and all the ills that follow them nothing as yet has been found to quite equal that old, time-tried compound of may-apple root, aloes and jalap.

Recognized as one of the standard remedies, physicians daily prescribe it, many preferring it to all others, and especially calomel. They like it because, being purely vegetable, it's not nearly as harsh as calomel; it never gripes; is never followed by any of the dangerous after-effects that so often result from the use of calomel.

This standard remedy, ready-prepared, may now be had under the name of Sentanel Laxative Tablets. Be sure you get the original Sentanel Laxatives, put up in the box that has the picture of the soldier on it. In this form it is much more convenient and easier to take than in the old-fashioned powder or capsule form—cheaper, too; a 10c box of Sentanels should last one several weeks. A physician's sample package (4 doses) free to any one answering this advertisement. The Sentanel Remedies Co., 801 Madison Ave., Covington, Ky.

Give the Kiddies all they want of

Clicquot Club

Pronounced Klee-ko

Made in America — GINGER ALE — Best in the World

THERE is no purer, more wholesome hot-weather drink than this altogether delightful beverage. It is perfectly safe to drink when you are overheated, as the mild stimulus of the ginger overcomes that "ice cold" shock.

Clicquot is real ginger ale, made of the best Jamaica ginger, the juices of limes and lemons, cane sugar and the cold water that bubbles up from the deep, rock-bottom Clicquot Springs. This water is mildly laxative.

Each bottle holds enough to satisfy several small-sized thirsts, or two large-sized ones. Show your skill in mixing drinks. Clicquot Club Ginger Ale mixes attractively with almost anything drinkable. Keep a bottle or two on ice, and let the children "treat" at home.

PEARCE REPORTS TO NEWARK CLUB ON MONDAY NEXT

Bunny Pearce, who probably did more than any other one man to put the Newark club in the pennant race in the memorable season eight years ago, yesterday signed a contract with Manager Wreath's Newark club and will report for duty when the club enters the double header at Marion next Monday.

While no claim is made that Pearce is as good as he was when he wore the Newark uniform in years gone by, it is believed that he will

BUNNY PEARCE.

Catcher with the 1907 Newark club signed to become the receiving end of battery.

add considerable strength to the club, particularly in the hitting department, where the club has been woefully weak.

His last experience was last season with the Jersey City club of the International league. He batted above 200 in that class which is up next to the big show in rating among minor leagues.

Coming to the Buckeye league, Pearce should bat well. His experience should benefit the young pitchers and considered from all angles, he should add strength to the team.

Manager Wreath notified Newark friends last night by telegraph of the success of his effort in securing Pearce.

Wild Pitcher Aids Akron In Winning From Findlay Club

Findlay, May 26.—Akron secured a good lead in the first inning, when two batsmen were hit by pitched balls, and held it until the game was called by rain in the sixth inning

Score:	R.	H.	E
Akron	3	4	0
Findlay	2	5	1

Batteries—Hook and Talbot; Shultz and McGivern.

Thomas' Homer Sends Two Across Ahead of Him

Marion, May 26.—Marion shut out Canton yesterday in a snappy contest Thomas' hitting featured, he driving home the first two runs with a double and scored on Bonnin's single. His homer came with two on. Score:

	R.	H.	E
Canton	0	5	2
Marion	6	8	1

Batteries—Samuels and Kirby; Hart and Breymaier.

MATINEE RACES OPEN TOMORROW; MANY ENTRIES

The matinee races of the Newark Driving club open tomorrow afternoon at Moundbuilders Park for the season. There are many promising youngsters ready for a try out and in all possibility there will be many exciting finishes. There will be at least four or five events on the program for a starter and this will be increased as the season advances.

The first race will be called at 1:30 o'clock and admission is free. All lovers of the sport as well as all horse owners are invited to attend.

WELSH HILLS

Mrs. John Showman and daughter Susan, Mrs. Wesley Showman and son Howard, spent Friday with Mrs. Evan Price and daughter, Mrs. Walter Packham.

A number of the parents from here attended the fine program given at the closing of the school on North street, Friday. Miss Jones of Granville has taught a very satisfactory term of school at that place.

Mr. and Mrs. Albert Hankinson and son Thomas, spent Sunday with Hayes Hankinson and family.

Mr. and Mrs. Harry Berger visited the former's parents at St. Louisville Sunday.

Edwin Wright spent Sunday afternoon at the home of Mr. Wesley Wright.

Miss Rosalie Weaver spent a few days last week with Mrs. W. G. Furbee.

Mr. and Mrs. Fred Williams spent Sunday with their daughter, Mrs. Elihu Hayes.

As Monday was the birthday anniversary of both Mr. and Mrs. Clyde Foster, of North street, the following relatives were entertained at their home on Sunday: Mrs. William Hankinson, Miss Margaret Hankinson, Mr. and Mrs. George Berger of Newark, Mr. and Mrs. Joshua Hankinson, Mr. and Mrs. Joseph Hankinson, Mr. and Mrs. Henry Foster, Corbert and Daniel Foster, Mr. and Mrs. Titus Hankinson and two children, Clarence and Dale, and Miss Gertrdue Foster. A sumptuous dinner was served and all enjoyed the day. They received a number of useful presents.

Miss Hazel Hottenger visited relatives in Newark over Sunday.

Misses Mary and Alma Thomas were guests of Misses Frances and Catherine Davis Sunday.

Mr. and Mrs. Carey Evans entertained after church Sunday Mr. and Mrs. Byron Williams, Mr. and Mrs. Alpha Palmer and Mr. James Gainford, all of Granville.

Mr. and Mrs. Walter Packham and Mr. and Mrs. H. E. Griffith took dinner with Mr. and Mrs. Reuben Miller Sunday.

Mr. and Mrs. William Bullock of St. Louisville attended church here Sunday.

Mrs. Belle Davis and sister, Miss Maggie Evans, spent Sunday evening at the home of Mrs. H. J. Williams.

Mr. and Mrs. Byron Williams called on the former's mother, Mrs. Mary Williams Sunday afternoon.

Mr. and Mrs. Milliner spent Sunday at the home of Mr. James Vernon.

Mrs. Ina Hoover of Bladensburg, is spending the week with her mother, Mrs. Martha Evans.

Mr. Alex Carlisle visited his son, John Carlisle of Utica, Friday and Saturday. He attended the graduation of his grandson, Floyd, on Friday evening.

Mr. Homer Rice of Johnstown will fill the pulpit here next Sunday. As Mr. Rice has the reputation of being a fine speaker, let as many as can come to hear him. Morning services begin promptly at 10:30, Standard time.

Miss Ina Bishop is now at home, having closed her school at Hanover last Friday.

As Miss Clara Pittsford missed two days of school last week on account of illness, she closed her school Tuesday with a picnic.

Grover Pittsford of Newark spent Sunday with his parents here.

Mr. and Mrs. John Hottenger visited the former's brother, James Hottenger, at Fleatown Sunday.

A number from this place attended the circus parade in Newark Monday.

Tit For Tat.

Porter—Miss, yo' train is— Precise Passenger—My man, why do you say "your train" when you know it belongs to the railway company? Porter—Dunno, miss. Why do you say "my man" when you know I belong to my old woman?—Exchange.

The Pessimist Says:

I don't see why folks should have any difficulty in believing in love at first sight. To me that sort of love seems more natural and better fortified than the variety that is supposed to follow extended acquaintance.—Richmon Times-Dispatch.

Bargains in the Wants tonight.

P. A. just-jams-joy against your palate!

No matter whether you pack your old jimmy pipe brimful or roll a makin's cigarette, Prince Albert certainly will make you feel like a two-year-old on the tobacco question just as soon as you hitch it up to a match. *And that's a fact!*

You can't anymore tell how good P. A. is just from *talking* about it than you can judge the depth of a well from the length of its pump handle. *You get personal information* dug right out of a tidy red tin or toppy red bag quick as you can conveniently beat it to the nearest shop that sells tobacco!

No matter how much you *think* you can't smoke a pipe, or roll a makin's cigarette, no matter how much you have been tongue-scorched, you *can* smoke a pipe or roll a cigarette if you'll take a few grains of faith and believe in Prince Albert. It can't bite your tongue and can't parch your throat, *because* the bite and the parch are cut out by a patented process owned exclusively by R. J. Reynolds Tobacco Company.

No other tobacco can be like Prince Albert. *You'll get the quick cue on that!*

Copyright 1915 by R. J. Reynolds Tobacco Co.

Gather round here a minute!

First thing you do next, buy some Prince Albert and have a party. Get chummy with it in the tidy red tin and you'll mighty soon graduate to the crystal-glass pound humidor that's a thing of beauty and a joy forever. It keeps Prince Albert at the high top-notch of perfection—and *keeps you* jimmy pipe joy'us and cigarette makin's happy!

PRINCE ALBERT

the national joy smoke

Buy P. A. everywhere in toppy red bags, 5c; tidy red tins, 10c; pound and half-pound tin humidors—and—that classy pound crystal-glass humidor.

LEFTY WILHELM QUITS HIS JOB ON CANTON CLUB

"Lefty" Wilhelm, former Newark pitcher, and well-known to Newark fans, quit his job as premier southpaw of the Canton pitching staff, after winning one game against the Akron club last week. His decision to quit caused much surprise to Owner Paige and Manager Prout, but they announced that the club would worry along without Wilhelm's assistance.

There are some who will say that Wilhelm did not care to face the McCloskey-McGivern-McGuire combination on the Findlay club, but the Kaiser probably will just as quickly deny the charge

MOUND SCHOOL DEFEATS CONRAD IN SEMI-FINAL

Mound school defeated Conrad 12 to 7 at White Athletic field yesterday afternoon, in the grade school league for The Haynes Trophy—The rivalry was very keen although Conrad secured a 6 run lead in the third, Mound undaunted came back and won out Mahon pitched 5 innings for Conrad and turned the game over to Daugherty with a one run lead. Daugherty was wild and ineffective, Mound securing 6 runs off his delivery. Osborn played a heady and consistent game for Conrad, while Beard, Kelly and Hunter, starred for Mound. The final game for the Grade school championship will be played Thursday between Central and Mound on the White Athletic diamond.

Line up and summary:

Mound—Kelley, p; Glenn, c, Beard, 1b; Canfield 2b; Shira, 3b; Orr, ss; Hayes, rf; Hunter, cf; Helm lf

Conrad—Mahon, p; McGlade, c; Daugherty, 1b; Fromholtz, 2b; Osborn, 3b; House, ss; Sheen, rf; Feurriegle, cf; Giblin, lf.

Runs—Giblin, Fromholtz, Osborn 2, Feurriegle, McGlade, Mahon, Shira, Canfield, Helm, Orr 2, Kelley 2, Beard 2, Hunter, Hayes 2.

Umpire—Prof. Millisor.

Attendance 200.

The Retort Legal.

The judge did not seem to appreciate the remarks of the lawyer for the defense. Several years before they had had a fight over the question of religion. At last the judge interrupted the lawyer and said, "Do you not know that everything you are saying is going in one ear and out the other?"

The lawyer turned to him and replied, "Your honor, what is to prevent?"—Argonaut.

Types of Italian Cavalrymen Ready for Austria.

King of Italy. Officer Training His Mount. Shooting Practice From Standing Position. Jumping Stone Fence and Moat.

Italy has declared war on Austria and the famous cavalry in which the whole nation has taken as much pride as in its fleet will be depended on to march into Austria. The Italian cavalry has been trained to perform manoeuvres something like the Cossacks mong the Russians, and among military men in Europe, it has a reputation of the the very best.

Children's Charter.

During the last three days of May there is to be a conference in San Francisco upon the welfare of children. Child Labor in the West will be discussed, and the proposed Federal Child Labor Law. But of all the subjects planned for debate far away the most interesting is that of the "Children's Charter." One whole day will be given to this.

The Charter sets forth the rights of childhood.

Morever, it is a plan to coordinate and unify all the agencies now working separately at various phases of child welfare, and extremely sensible it sounds The trouble with almost all welfare work of whatever nature is that it is so scattered and incoordinate. One society works at playgrounds, one at juvenile courts, one at child labor laws, one at improving the schools. No one is powerful enough to get the needed results even in its own limited field. But if all could get together and put their united force at getting one of these things, the one would speedily be obtained. And being obtained in full, and not in the usual manner of one scrap at a time until the reform looks like a half-made crazy quilt, the one complete accomplishment will make a firm foundation for the next.

Competition is just as wasteful in the realm of social reform as elsewhere. If a genuine co-operation among welfare agencies is to be started at this conference, then indeed a real beginning will have been made in bettering the conditions of all human life, as well as in securing the rights upheld by the Children's Charter.

Town Promotion.

In one good sized city there was a lot of dissatisfaction with what the board of trade had been able to accomplish. Members and citizens were asked to bring in suggestions of what ought to be done. A big meeting was held, and about forty different suggestions, most of them good, were made. Attention was so scattered about on different ideas that nothing was accomplished in any one of the lines mentioned.

In another place, a country town, a business men's association was formed and it appointed six small sized committees. Each committee was asked to take up for one year only one thing, but to make every possible effort to put through that one thing.

It was an apple raising region, and the agricultural committee voted to concentrate their attention on better packing and sorting of their fruit. They hired a professional sorter and before the season was over they were all getting 50 cents a barrel more for their apples. Simularly each of the other committees held one thing in view, and got at least one notable thing done during the year. Many larger cities could well copy the determination and concentration of this little country town.

The trouble with Board of Trade and promotion work, is that what is everybody's business is nobody's business. There is a unanimous and settled determination "to let George do it." Towns that are built up and go ahead do not grow in that way.

If twenty men could be secured, in any town who would agree to give two hours a week to serve on the various committees needed for town promotion work, very surprising results could usually be secured. Two hours a week is not much time for anyone, but a great deal of public work could be done by twenty men in that time.

Any town can grow, in population and in public advantages, if it is willing to pay the price. The price is not large compared with the results. All that is needed is that the citizens have the vision to see how large those results might be. Will Newark be able to see and to grasp its opportunities?

Manufacturing Silk.

Ohio was the first state in the Union to engage in the manufacture of silk, according to Dr. William C. Mills, curator of the Archeological Museum on the campus of the Ohio State University. Dr. Mills is endeavoring to get some specimens of the first pieces manufactured to exhibit in the museum.

"The first silk factory was erected at Mt Pleasant, O., in 1841 by John W. Gill and Thomas White," said Dr. Mills "These men planted 25 acres in mulberry trees and began the raising of silk worms the following year. Dress silks, ribbons, silk velvets and figured silks were manufactured. Mt. Pleasant is situated near Steubenville.

"The buckeye burr in light buff was the first pattern woven. A vest pattern from this piece was presented to Henry Clay, who also wore a suit of broadcloth made in a Steubenville factory.

"In 1844 the Whig presidential ticket voted in Mt. Pleasant was printed on silk made for the purpose in the Gill factory. The first American flag ever floated in China was made at this factory and carried to the Orient by Caleb Cushing.

"Since 1877 not a yard of cloth of any kind has been made in Steubenville, although at one time there were 12 woolen, cotton and silk mills located there."

Italy's total army strength is said to be 3,628,868 men, her navy consisiting of 246 ships including 75 torpedo boats, 20 submarines, 50 torpedo boat destroyers, six dreadnoughts, seven modern battleships and ten first class battleships. The Italian airfleet is made up of 12 dirigibles, 210 aeroplanes and 45 hydroplanes.

Widow Gardening.

"We had an expert on intensive gardening before our club last evening." "Sounds interesting." "Yes; he read a most instructive paper on how to raise a tulip in a tomato can."—Louisville Courier-Journal.

Opposites.

"So you think Katherine made a very suitable match?" "Yes, indeed, you know what a nervous excitable girl she was. Well, she married a composer."—Boston Transcript.

May 26 in History.

1703—Samuel Pepys, whose diary of life in England is noted, died; born 1633.

1785—General Washington declared himself in favor of the emancipation of negro slaves.

1865—General E. Kirby Smith surrendered 18,000 Confederate troops, west of the Mississippi, last surrender in the civil war.

1918—General James Heaton Baker, civil war soldier, editor and historian, died at Mankato, Minn.; born 1820.

ASTRONOMICAL EVENTS.

Evening stars: Mercury, Mars, Saturn. Morning stars: Jupiter, Venus. Due southeast constellation Scorpio, a notable group of summer stars, seen rising in the evening.

TAKE A LOOK

IF YOU HAVE TIME

Betcha!

This world would be a lovely place,
A Paradise, ah, me!
If men were but as perfect as
Our wives think we should be.
—Cincinnati Enquirer.

Now isn't she a silly dame
Who would expect to see
Perfection chumming with a man?
The thing it cannot be!

And if he were so perfect, then
He'd want a perfect she;
Perfection shuns this sex also—
The thing it cannot be!

A man always admires the judgment of a woman who agrees with him and a woman usually thinks the fellow who calls her pretty has good taste.

Probably the best cure for the dissatisfied girl is to permit her to run away with a musical comedy. The only objection to the medicine is that it is difficult for the patient to take it without soiling herself.

It is alright for a woman to pretend her dinner was a failure, but it is a wise husband who disagrees with her

Among the other unimportant messages is the one conveyed by the man who whispers in your ear.

Having secured the attention of the crowd, a man goes ahead and performs his trick.

"The play is so old," said Buck Kilby yesterday in discussing one of the current attractions, "that the magazines have reviewed it."

As has been often pointed out, every man has his little distinction. John Klopfer hasn't had the back of his neck shaved in thirty years.

Talk On Thrift

BY T. D. MAC GREGOR

Remember that money is of a prolific, generating nature. Money can beget money, and its offspring can beget more, and so on. Five shilling turned is six, turned again it is seven and three pence, and so on till it becomes one hundred pounds. The more there is of it the more it produces every turning, so that the profits rise quicker and quicker.
—Benjamin Franklin.

This is not a get-rich-quick scheme. It is simply a plain statement of how any industrious young man who sets about it early enough can double his income by middle life simply through $5 weekly savings and wise investment of them from time to time.

After he has done this, he can stop working and let his capital work for him, or keep on working with it and still further increase his fortune before he retires.

Let us assume that you are in your twenties and that you are earning $20 a week, $1040 a year.

In order to equal that income through 6 per cent investments you would need a capital of about $17,300.

Here is how you can do it before you have passed your prime:

Suppose you open a savings account in a bank which pays 4 per cent interest on savings, compounded semi-annually.

Save and deposit in the bank $5 every week.

Whenever your principal and interest equal or exceed $1,000, draw out that sum and invest it in a first mortgage paying 6 per cent a year, payable semi-annually. Likewise deposit your mortgage interest in your savings account, continue to withdraw and invest whenever your savings account reaches the $1000 mark.

In 28 years your principal will amount to $17,779.22 and your income from this sum invested in good 6 per cent mortgages will be upwards of $20 a week. This is how it figures out:

$5 per week deposited in bank at 4 per cent per annum compounded semi-annually will amount to $1,123.89 in four years.

You take out $1,000 and invest it in a first mortgage at 6 per cent. Balance on your Savings Account $123.89	$ 123.89	$1,000.00
4½ years—		
Add 6 months' interest	2.46	
Add 6 months' interest on mortgage...	30.00

Spirit of the Press

Right You Are.

When European nations are exterminating each other, it is time for American nations to stand together for peace.—Philadelphia Record.

Boss Barnes' Prestige Diminished.

If Mr. Barnes' chief motive in bringing suit was to promote his own political fortunes by humbling Mr. Roosevelt before the country, his failure is more complete even than could have been anticipated. The trial has exposed his personal vulnerability as a candidate for the United States Senatorship, in case the senatorship is the goal of his ambition. He has not only lost the verdict in Court which he strove to secure, he has lost also in public esteem. Nor is this impairment of his public influence a trivial consequence of the trial In recent years Mr. Barnes had demonstrated the possession of more than ordinary ability as a party manager and political leader. His masterful quality and strong convictions unmistakably made him a positive force. But his moral soundness as a public man must more than ever be under suspicion hereafter.—Springfield Republican.

A Year Without a Summer.

The year 1861 was known throughout the United States as the year without a summer. January of that year was so mild that most people would have let their furnaces go out had they possessed any, and February was only occasionally colder March and April coaxed the buds and flowers out, and May was a winter month, with ice and snow. By the end of May everything perishable had been killed by the cold, and the young leaves had been stripped from the trees. June was as cold as May. Both snow and ice were common throughout the month all over the corn belt, and after having planted corn two or three times the farmers threw up their hands. Snow fell ten inches deep in Vermont. The following winter was the hardest the people of the United States have ever known. One had to have a stockade around one's smokehouse. —St. Louis Post Dispatch.

From Page to President.

Arthur Pue Gorman was appointed a page in the United States Senate in 1852. On March 4, 1881, he began his first term as a senator in that body from Maryland. That was considered a remarkable incident illustrative of the possibilities of the American boy. But now there comes another page and announces himself for president of the United States! This is William Alden Smith. He was appointed a page in the Michigan House of Representatives in 1879. He was elected to the United States Senate in 1907. On Sunday last, in a two-page article in his own Grand Rapids Herald, Senator Smith declares his candidacy for the Republican presidential nomination next year.—Pittsburg Gazette Times.

Lord Kitchener.

Lord Kitchener is finding champions as well as assailants in the English press. There are judges of public opinion who believe him to be stronger than he was before the papers controlled by Lord Northcliffe opened fire upon him. His notion that his prime duty was not to furnish news to the papers is warmly seconded by some of the London press which enlarge on his extraordinary achievements in creating a vast army, training it with weapons and ammunition The attack upon him is described by The London Chronicle as "the blackmailing plot of the Conservatives." Whatever may be the merits of the attack, there is very much to be said in favor of a national rather than a party Ministry, and Mr. Asquith will find himself strengthened by the presence of Conservative and Labor representatives in his Cabinet.—Philadelphia Record.

GETTING READY

Pointed Observations

From all accounts the Yaqui Indians are the submarines of the Mexican revolutionists.—Memphis News-Scimitar.

In the meantime while the British Winston Churchill is penning excuses his American namesake is busy writing best sellers.—Pittsburg Gazette-Times.

If only suckers were caught by the loan sharks it wouldn't matter so much.—Washington Herald.

The rising tide of prosperity is putting a great strain upon Senator Penrose's intellectual apparatus.—Philadelphia Record.

Even the modern improvements of the automobile do not make it possible to mix booze and gasoline any more successfully this year than last —Lafayette Journal.

While not more friendly as yet, Colonel Roosevelt and Mr. Barnes are better acquainted than they ever were before.—Washington Star.

If the war lasts four months longer, it will take more money than there is in the world to pay the bills As wars are fought on the installment plan, it doesn't worry the Hohenzollerns so much who bring them on.—Rochester Herald.

It looks as if Great Britain might have as much difficulty in picking a satisfactory coalition ministry as she would have had in going along with the old one.—Manchester Union.

Certainly we get sense as we grow older. Every man can remember when he wanted a revolver and a mandolin.—Pittsburg Post.

To invent a word, "jitney," that would not rhyme with any other word was something of a feat. Only two other words in the English language have no rhyme—"silver" and "orange" Or are there others?—Kansas City Times.

Profesor Heilbronn informs the world from Berlin that "the American press has been bought with English gold to exploit the Lusitania incident." What astonishing discoveries these German university professors do make!—Chicago Herald.

If General Kitchener were a German, the London onslaught on him could hardly be more fierce. A man who is expected to "organize victory" and fails is rarely given the benefit of a doubt. But if "K of K" fails, who can succeed?—New York World.

The German newspapers which see in the British cabinet crisis the beginning of the end of England are illustrating the Teutonic lack of understanding of the "Anglo-Saxon," which has had much to do with this whole tragedy of war.—Springfield Republican.

The assertion that a can of tomatoes that retails for 7 cents in this country would sell for $1 in Brazil suggests that an expert horticulturist might make a pretty good thing of growing tomatoes in Brazil.—Indianapolis News.

The war in Europe will end in a month. But we refuse to say which month.—Wall Street Journal.

Billy Sunday will not go to London. The English are so interested in the fight with Germany that they wouldn't pay any attention to a fight with the devil.—Florida Times-Union.

Nearly 500 acres of land near Paris is devoted to raising young trees of peculiar shape for umbrella handles.

BITS OF BY-PLAY

BY

LUKE M'LUKE

Copyright, 1915. The Cincinnati Enquirer

He's as Welcome as the Smallpox.

Ah, here he comes! He's on the job!
He always gets my goat;
I'm speaking of that brainless slob,
The man who rocks the boat.

Mean Brute!

"In spite of all your slurs a woman doesn't talk any more than a man," snapped Mrs. Gabb, "and there never was a woman who wanted the last word."

"That's right," agreed Mr. Gabb. "There never was a woman who knew that there was such a thing as the last word."

Correct.

"Though man is made of dust," said Hains,
"He's mighty sure to land
If he sees that his dust contains
A good supply of sand."

The Wise Fool.

"There is nothing in the world that creates and sustains interest like a good detective story," remarked the sage.

"What is the matter with a mortgage?" asked the fool.

"That's Good!"

Of course he loses, this poor mutt,
He ought to have two guards;
He thinks he can play poker, but
He never cuts the cards.

Huh!

"There goes a man who likes to have other people tell him their troubles," remarked the fat man.

"What is he—a philanthropist?" asked the thin man.

"No," replied the fat man. "He's a lawyer."

Dig.

"Why is it the fifth spade evades
My hand?" said Mr. Biggs.
"For if I only hold four spades
I often have to dig."

Correct.

Bill Brighton—Luke McLuke says most of the straw hats are made of wood.

Tom Terrace—Well, that ought to be all right. You know a lot of 'em are used as blocks for blockheads.—Zanesville (O.) Signal.

Wuff!

Remarked a young fellow named Pete:
"Although I'm equipped with two feet,
A yard stick with three
Has nothing on me,
And I am a great deal more fleet."
—B. T. Longfellow.

Names Is Names.

Things to Worry About.

The sun gives 600 times as much light as the moon.

Our Daily Special.

The three scarcest things are radium, gratitude and common sense.

Luke McLuke Says:

Most married women lose their good nature long before they lose their good looks.

Always try to remember that if you keep your mouth closed other people will be compelled to agree with you.

Most of the brides who are light housekeeping manage to turn out some pretty heavy food.

Wait about a month and you will discover that you won't want the thing that you feel you can't possibly get along without today.

A man imagines that courtesy compels him to pay another man's car fare. But a woman can see just as much sense in paying another woman's grocery bill as there is in paying her carfare.

Before she marries she is a princess. And after she is married for a little while she resigns as a queen. But after about ten years of married life and raising children you could walk into the kitchen and your first guess would be that she is the lady who is doing the washing, and the second guess would be that she is the lady who is getting six bits a day for scrubbing the woodwork.

The reason why a girl knows that she has Titian hair is because everybody else thinks it is red.

And, if you only knew it, there are mighty few people who do not live in glass houses.

A man thinks it is polite to say that he isn't hungry when he sits down to a table. But a boy thinks it is a darn lie.

The reason why a woman knows that her hair is her crowning glory is because she is always bawling for a new hat with which to hide it.

We do not believe in long engagements. But a fellow ought to give a girl a few sample lessons before he asks her if she thinks she could learn to love him.

We will never believe that there was any spring in 1915. We didn't get a single almanac displaying the signs of the zodiac around a young man who is wearing open faced anatomy.

Every now and then you will meet a man who is so worried over the money market that he can't dig up any market money.

A Little Fun

Easy.

Yankee—If someone were so ill-advised as to call you a liar, Colonel, in what light would you regard the act?

Kentucky Colonel—I would regard it simply as a form of suicide, suh. —Dallas News.

A Paradox.

Ted—Smere sold his sketches of city life for five thousand.

Ned—Well, he's the first artist I ever knew who made money painting the town.—Judge.

Easy Money.

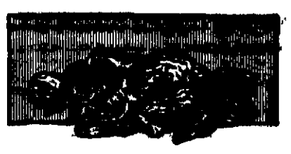

"Yes," said Mrs. Malone to the old friend who was picking up the threads of family history, "my Bobby, he's traveling with a circus now."

"Pretty hard work, isn't it?" inquired the interested caller.

"Never a bit of it," returned the proud mother of Bobby. "He's living like a gentleman, he is—hands in his pockets, as ye might say—for it's a handsome salary he gets, and every blessed thing he has to do is to lay his head in the lion's mouth a matter o' some two or three times a day or thereabouts."—Youth's Companion.

This Egg
Weighs 2.1 Ounces and Contains
90 Food Units

These Raisins
Weigh 2.1 Ounces and Contain
204 Food Units

A pound of raisins contains 890 more food units than a pound of eggs and a pound of milk together.

Raisins excel, in nutriment, eight other foods that you use on your table almost daily.

Consider these facts in choosing the foods for your table. For raisins will help cut down your living cost, while providing the needed energy.

But don't say merely "raisins" when ordering. Specify "Sun-Maids."

Sun-Maids are choice California *white* grapes—kinds too delicate to ship when fresh. They are *sun-cured* instead in the open vineyards, and shipped to you as raisins. They are tender and plump, with a flavor like confections—morsels of fruit-food.

Buy a package and try them. See how good raisins can be. Mail us the name and address of your dealer and we'll send you a beautiful book, containing 52 prize raisin recipes, *free*. 10,000 housewives have already asked for this book. Let it show you how to serve delicious raisin-foods.

Ask your baker for *raisin bread* made with Sun-Maid Raisins. See what these raisins add to bread.

Raisin bread made with whole wheat flour is one of the most healthful of all foods

Serve it on your table to children and grown ups daily. Let this delicious bread help keep you well

In Milady's Boudoir

BY GWEN SEARS.

The business girl, while not in a position to affect the elaborate dress of her home life, certainly may be fully as attractive in a different way if she is neat and chic in her costuming. There are two accessories the business girl should be very particular about—shoes and neckwear. If these items are right, a frock that is not exactly new and modish in line, will pass muster.

Nothing expresses hard luck, economy, failure like a pair of run over, worn out shoes and success prosperity and general well being are expressed by well kept boots of good quality. It is well to have two or three pairs of shoes of the same sort although one pair should be of stouter character for stormy weather. For the clear weather boots there is no objection to patent leather, and this leather is more easily kept in condition than the dull calf which must be polished every day.

When boots are cleaned and polished—and the doing of three pairs at once will save much valuable time—all loose buttons should be fastened and new laces put in if the least sign of wear is apparent, for there is nothing more trying than a snapped boot lace when one is dressing in a hurry.

Fresh neckwear is best provided in sufficient quantity to last out the week, so that laundering may be attended to all at one time. Use a clean collar for every day at the office and even if the lingerie looks passable when one dresses in the morning, its freshness will not be likely to endure much beyond noon. There is a safe and sure rule about collar wearing which men usually follow religiously and that is, if there is the slightest doubt as to whether or not a collar is soiled enough to discard, discard it instantly.

Interesting Children

Society

Miss Pearl Bline entertained her Sunday school class at her home, Tuesday. The day was pleasantly spent in games and music, and at the noon hour a two-course dinner was served, the table being attractively arranged with blue and white. Dainty place-cards seated the following: Dorothy Nichols, Jessie Patterson, Maude Lingafelter, Bessie Bline and Christine McKinney. The hostess was assisted by Miss Hazel Patterson.

Mrs. J. S. Oxley entertained the members of her sewing club and a number of guests on Tuesday afternoon at her home in North Fourth street. Tiny flags and the color scheme of red and white were used in the decorations and the luncheon appointments. The guests of the club were: Mrs. Clyde Irwin, Mrs. T. E. Brown, Mrs. I. M. Oxley, Mrs. C. H. Stull, Mrs. Charles Warner, Mrs. John Rugg, Mrs. Samuel Sachs, Mrs. F. M. B. Windle, Mrs. John Sachs, Mrs. J. C. Bockoven, Mrs. Benjamin Heuldricks, Mrs. J. L. Oxley, Mrs. Arthur Taylor, Mrs. E. H. Frame, Mrs. Chas. Oxley and Miss Mallenee of New Philadelphia.

Garden flowers in profusion adorned the home of Mrs. Frank Webb in Granville street on Tuesday afternoon when she entertained the members of the Tuesday Afternoon Bridge Club. The game concluded and the club favors were received by Mrs. Robert Davidson and Miss Sarah Buckingham, while the guest trophy was awarded to Mrs. J. S. Jones of Granville. The guests of the club were: Mrs. John Franklin, Mrs. A. R. Pitser, Mrs. Fred Mosteller, Mrs. Robbins Hunter, Mrs. J. Howard Jones, Mrs. J. S. Jones of Granville, Mrs. George Upson, Mrs. W. A. Dorey, Mrs. Charles Stimson, Mrs. Malcolm Baker, and Mrs. Fulton Van Voorhis of Granville.

Peonies in variegated colors and festoons of wisteria were used to decorate the home of Mrs. E. C. Miller, 309 West Church street, on Tuesday afternoon, when she entertained a number of guests with a sewing party. The luncheon was of delightful appointments and the guest-list numbered sixty-five. The out-of-town guests were: Mrs. A. G. Wyeth of Mansfield, Mrs. B. F. Bond and Miss Fannie Bond of Baltimore, Md., and Mrs. W. H. Zimmerman of Dayton.

A meeting of the U. S. of R. Club was held at the home of Mr. Earl Helsley in Dewey avenue, Tuesday evening. After the regular business refreshments were served to the following Messrs. Neil Caldwell, Russell Tharp, Lee Dorn, Irwin Huggins, Herman Dickinson, James Mossman, Jas Cooper, Hubert Jones, Clarence Robinson, Mr. Gibson and Geo. Wolfe.

Miss Nellie Frenier entertained the members of her club at her home in St Clair street on Tuesday evening. The hours were devoted to needlework and luncheon was served the members and following guests, Mrs Charles Kinney, Mrs Francis Davis and Miss Nellie Davis.

OWINGS—MILLER.

On Tuesday evening at 8 30 o'clock the marriage of Miss Lorena Miller, youngest daughter of Dr. and Mrs. D. H. Miller of North Fourth street and Mr. Irl Owings of Tampa, Fla., was solemnized. The marriage took place in the First M. E. church, the pastor, Rev. L. C. Sparks, reading the ring service. They were unattended, and there were no guests. The bride wore her traveling suit of blue faille silk, and a tailored hat of white. She wore a corsage bouquet of sweet peas.

Immediately after the ceremony, Mr. and Mrs Owings left for Cincinnati, and will visit Chattanooga, New Orleans and Jacksonville before going to Tampa, where the bridegroom is employed by a large pharmacal company.

The bride has been the honor guest at a number of pretty social events and is a graduate of the Newark High school, having been graduated with the class of 1913. Mr Owings is the son of Mr. and Mrs. L. W. Owings of Oakwood avenue and was also graduated from the Newark High school in 1911, and is a graduate of the Philadelphia Pharmacal school. Their at home cards read for Tampa, Fla., after June [illegible]th

Heroes In the Trenches

Paris, May 26.—These men in the trenches must keep incessant vigilance against sudden attacks by the enemy. The men who serve the artillery fire day and night oftentimes at an enemy that is never seen.

Medical science will save more lives this year than war will take, no matter how terrifically murderous that war may be. Then, too, the food supply is very carefully looked after by the commissariat. The food supply of the soldiers must be wholesome. Living in the open air, the men are able to digest hard-tack with great relish. Napoleon said: 'An army fights on its stomach." A man with a weak stomach is pretty sure to be a poor fighter. It is difficult—almost impossible — for anyone, man or woman, if digestion is poor, to succeed in business or socially—or to enjoy life. In tablet form Dr. Pierce's Golden Medical Discovery helps weak stomachs to strong, healthy action—helps them to digest the food that makes the good, rich, red blood which nourishes the entire body.

This vegetable remedy, to a great extent, puts the liver into activity—oils the machinery of the human system so that those who spend their working hours at the desk, behind the counter, or in the home are rejuvenated into vigorous health.

It has brought relief to many thousands every year for nearly fifty years. It can relieve you and doubtless restore your former health and strength. At least you owe it to yourself to give it a trial. Sold by medicine dealers or send 50 cents for box of tablets—Dr Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

You can have Dr Pierce's Common Sense Medical Adviser of 1108 pages in cloth binding, fully illustrated with colored plates, for 3 dimes or 30 cents.

Read all about yourself, your system, the physiology of life, sex problems, marriage relations, anatomy, hygiene exercise, disease and its prevention, simple home cures, etc —Adv

Personal

Mrs. J. P. Kneller, Mr Charles Kneller and Mrs Pfeifer of Hebron were shopping in Newark on Wednesday.

Mrs. Mary Weiss and daughter, Mrs Charles Littleton of Vanatta were visitors in Newark on Tuesday.

F. R. Ayres of Cleveland was a business visitor in Newark on Tuesday and Wednesday.

Mrs William Zimmerman of Dayton, is the guest of her daughter, Mrs. Ed C Miller, of 309 West Church street.

Mrs. R. C Williams and daughters, Ruth and Frances, of Newark, have returned home after spending two weeks the guests of Mrs. Williams' mother in Granville.

Mr and Mrs I W. Willison of Newcomerstown, are visiting relatives in Newark.

Mr. and Mrs Henry Longshore, who have been visiting friends and relatives in Zanesville, have returned home.

Miss Margaret Irwin has returned to her home in Madison township, after a visit with her aunt, Mrs. W. H. Hughes of North Eleventh street.

Mrs Louisa Smith is visiting friends and relatives in Zanesville.

Mrs. Lucy Wolfe of Oakwood avenue, is visiting friends in Franklin township.

Miss Ruth Jones and aunt, Mrs Grant Jones, are attending commencement exercises at Wooster, where Mrs. Jones' son is a graduate.

Mr. and Mrs Clarence C. Hodkins left today for their home in Syracuse, N. Y., after a pleasant visit with Mr. and Mrs. Ed Williams in West Locust street. They were accompanied as far as Columbus by Mrs. Ed Williams, Mrs. Harriet Smyers and Mrs Charles Brown.

THE SICK

Mrs. G. R. Hackney, who underwent an operation at the City hospital, was removed to her home, 74 Linden avenue, in Criss Bros' ambulance.

Mrs. Rose Fink, daughter of J. W. Sutley, 90 Wilson street, was removed to the Sanitarium in the Bradley ambulance, Tuesday evening, suffering with appendicitis.

Miss Mary Sutley of 90 Wilson street, was removed to the Sanitarium Tuesday in the Bradley ambulance. She will undergo an operation.

Mrs. Warren Wagner, of Highwater, who was operated upon at the City hospital several weeks ago for gallstones, was removed to her home Wednesday in the Bazler white ambulance.

Mrs. William Good of Utica was brought to the City Hospital Tuesday afternoon in the Bazler ambulance and underwent an operation. Dr. Essington was the attending surgeon.

Miss Gray of 201 North Fourth street was removed Tuesday in the Bazler ambulance to the City Hospital and was operated upon by Dr. Harbottle.

Granville

[Special to The Advocate]

Granville, May 26.—An affair of great social prominence was the handsomely appointed reception yesterday afternoon given by Mrs. Harry Deming, Mrs. C. D. Coons, Mrs. Fred Buxton, and Mrs. John Evans, at the Deming residence in South Pearl street between the hours of two and five-thirty. Nearly three hundred ladies enjoyed the charming hospitality of the hostesses who received the guests in the reception room at the left of the hall. The house and porch were beautifully decorated with palms and cut flowers, and an orchestra was stationed in a bower of palms at the rear of the hall where three of the Denison String Sextette, Messrs. Ullman, Kier and Nellis, rendered a delightful program during the afternoon. The dining room was lighted by candles in red shades and the table was centered with an artistic basket of red carnations. Assisting hostesses were: Mrs. Minnie B. Kerr, Mrs. S. E. Morrow, Mrs. J. M. Swartz, Mrs. L. E. Davis, Mrs Howard Howe, Mrs August Odebrecht, Mrs. A. P. Nichol and Mrs. Era Perry. Presiding at the punch bowl on the porch were Misses Altje Cook, Dorothy Swartz, Alieret Chrysler and Belle O'Daniel. Mrs Carter in the dining room, presented the favors, tiny red rose buds, and was assisted by Misses Nellie Flory, Emma O'Daniel, Bernice Brown, Eva Wilson, Elizabeth Evans, Frances Haskins, Florence Odebrecht, and Helen Cook. Mrs Deming's little daughter and Mrs. Carter's little daughter directed the ladies to the dressing rooms. A number of out of town guests were present, among them being the sister of Mrs. Fred Buxton, Mrs Graham, of Veta Oklahoma, who is visiting at the Buxton home for a few days.

Dr. and Mrs. R. S. Colwell gave one of the most important and enjoyable social affairs of the entire year last evening at their home in South Prospect street, when they entertained the resident trustees, Denison and Shepardson faculties, and a few out of town guests. The hostess was assisted by her daughter, Miss Margaret Colwell, and by Misses Ruth Orcutt, Mary Hunt and Ruth Hopkins, who presided at the punch bowl in the dining room. The large porch was lighted with Japanese lanterns and was greatly in demand during the evening. Delicious refreshments were served in which duty several of the younger faculty men became, informally, assistants to the hostess. Out of town guests were Mrs. Arthur C. Baldwin of Rochester, N. Y., and Mrs J. C. Campbell of Columbus.

President Clark W. Chamberlain will go, tomorrow, to his old home in Lagrange, O., to deliver the commencement address before the High school of that place.

The quartette of the Denison Glee club, composed of Russell Williams, Leonard Cox, Kenneth Ullman and Howard Nellis went to Hanover last evening where they sang for the commencement exercises of the High school.

Mrs. Maude Egerton Garvin of Fremont, O., is the guest for a few days of her classmate, Mrs R. S. Colwell. Mrs Garvin and Mrs Colwell (Abbie Kerr) graduated from G. F. C. in the class of '74. Mrs Garvin will also visit Mrs. J. C. Campbell, another classmate at Bryn Mawr, the summer home of the Campbells on the Lancaster road.

Miss Ruth Rockwood has returned from a pleasant visit to her former home, Union City, Pa. The organ recital she gave while there was a great artistic success.

There will be a meeting of those interested in Woman Suffrage on Friday afternoon at 3:30 at the home of Mrs. Clara M. Ogden in Summit street. Miss Margaret Judson, dean of Shepardson college will address the meeting.

PURITY

Johnnie Gatz was thrown from a colt he was riding, Sunday, and his right leg broken just above the ankle, and the ankle dislocated. He had taken dinner at the home of his sister, Mrs. George Harter, and was on his way to Eden to practice for the children's services to be held there next Sunday evening. His cries for help were heard by Daniel Meyers, near whose home the accident occurred, and he, together with his brother, went to the boy's assistance. They removed him to the home of Stephen Harris, where he was working, and there his injuries were attended to by three doctors. He is suffering considerably but otherwise his condition is satisfactory.

Among those from a distance who were here to attend the commencement exercises at St. Louisville, Friday night, were Misses Iva and Renie Thompson of Frazeysburg, and Ella Varner of Fallsburg. They remained over Sunday as the guests of friends here.

Mr. and Mrs. Frank Hughes of Marion, were guests of the former's parents, Mr. and Mrs. John Hughes, from Wednesday until Friday. While preparing dinner for her guests Thursday, Mrs. Hughes was seized with vertigo and fell against the stove and burned her arm badly. She was quite ill for several days but is feeling better now.

Several guests were entertained at the home of Mr. and Mrs. Albert Huston, Sunday, in honor of Mrs. Huston's birthday anniversary.

Mr. and Mrs. Will McMullen of Marengo, and Mr. and Mrs. Clint Dustin of Centerburg, were guests of Mr. and Mrs. Ben Lewis recently.

Mr. and Mrs. Sidney Brown of Newark, spent Sunday with Mr. and Mrs. William Larason.

Dane Hawke was a guest at the alumni banquet of the Martinsburg high school Saturday night.

Mr. and Mrs. J. M. Carson of East Main street have returned home from Omaha, Neb., where they have been visiting the latter's brother H. D Courson.

Extensive gypsum deposits have been discovered in British Columbia.

Your Boys and Girls

Children should never be driven to do tasks. Of course they cannot be allowed to play all of the time as it is necessary to study sometimes. It has been found possible, however, to organize study and other necessary work in such a way as to get the children to do it cheerfully and effectively and so form the habit of doing what must be done without shirking and without complaining.

Work done under conditions that arouse interest is as valuable for discipline as work done under compulsion. For children can certainly learn the various processes involved in the handling of tools, for example, by making things in which they are interested, and they can easily acquire skill in such work as in monotonous tasks.

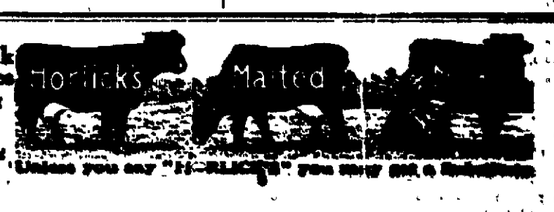

It is children who have been driven to do the unpleasant things that have no meaning in them, that resort to laziness as he only escape from the disagreeable tasks. They have never learned to be interested in the work itself or in the work as a means to something more desirable that should crown all labor. They have acquired laziness because their impulses to activity have been thwarted by association with stupid, monotonous, fatigueing effort.

Every Day Etiquette

"What kind of cards should I send out for a 'musicale?'" asked Mrs. Newlywed.

"For an afternoon musical a hostess may use her visiting card, writing in the lower left hand corner the word "music" or "musicale" together with the date and time," said her mother.

The asphalt deposits of Cuba, when developed, are expected to prove superior to all others throughout the world.

Chicago Grain.
[ASSOCIATED PRESS TELEGRAM]

Chicago, May 26.—Bearish cables made the wheat market sag today, notwithstanding some returns at the outset. Assertions that the Kansas crop was ten days late had considerable to do with the early buying on the other hand, Liverpool reported; no damage reports from this side were offset by the belief that the war outlook favored Great Britain and her allies. After opening ¾ cent off to ½ cent up, the market here suffered a moderate all around decline.

Wet weather in Iowa and Nebraska gave some strength to corn. The market, however, ferced later to reflect the weakness of wheat. Opening prices, which varied from ¾ cent decline to ¼ cent advance, were followed by a slight general setback.

Oats eased off under scattered selling. Changes of prices, though, kept within narrow limits.

Higher quotations for hogs lifted provisions. What little business there was, was centered chiefly in the September delivery.

Toledo Grain.
[ASSOCIATED PRESS TELEGRAM]

Toledo, May 26.—Wheat, cash and May 1.51; July 1.26.

Corn, cash 76½; May 76; July 77¾.

Alsike, prime cash 7.85.

Timothy, prime cash 2.87½; September 3.12½.

Cincinnati Live Stock.
[ASSOCIATED PRESS TELEGRAM]

Cincinnati, May 26.—Hogs: Receipts 3,500; steady; packers and butchers 7.70@7.85, common to choice 5.00@6.90.

Cattle: Receipts 200; steady, calves steady.

Sheep: Receipts 2,500; slow 4.25@6.25, lambs steady 9.00@12.00.

Wall Street.
[ASSOCIATED PRESS TELEGRAM]

New York, May 26.—Further heaviness in war contract shares marked the day's early dealings on the stock exchange. New York Airbrake declined four points and losses of one to two points were scored by Pressed Steel Car, Crucible Steel, Westinghouse and kindred issues. Canadian Pacific was heaviest of the high priced railways losing 7½ with material recessions in Union Pacific and Reading. Interborough Common and Preferred were the only exceptions to the general tendency, rising two points. A moderate rally ensued before the end of the half hour.

The recovery which followed the early period of heaviness was suddenly reversed before the end of the first hour. Confirmation of the reported torpedoing of an American ship off the Irish coast caused precipitate declines of one to three points, mainly in war specialties. While the news gave rise to renewed apprehension respecting international conditions, no disorder accompanied the setback which was arrested by prompt support. The liquidating condition of the market also served to offer resistance to bear pressure. By noon another moderate rally resulted in a further readjustment of prices on a minimum of dealings. Bonds were steady.

Chicago Produce.
[ASSOCIATED PRESS TELEGRAM]

Merchant Ships' Flags.

The British mercantile flag is known familiarly as the red ensign. Strictly speaking, no inland person has any right to fly the red ensign ashore, the only flag permissible being the plain union jack, which the ordinary citizen often flies upside down. The red ensign has its official status from the edicts of two queens, Queen Anne in 1707 and Queen Victoria in 1864.

The merchantmen of the colonies generally use the red ensign also, but by permission of the admiralty may add the badge of the colony "in the fly." Some nations have special mercantile marine flags, but not all. The United States flag, for instance, is the stars and stripes for all occasions.

The German mercantile flag of black, white and red dates only from 1867 and symbolizes the union between the Hohenzollern black and white and the red and white of the Hanseatic league. The Russian mercantile flag, introduced by Peter the Great, was originally the Dutch flag familiar to him from his studies in Holland, reversed. Later the arrangement of the three colors was varied.—London Globe.

Our Mineral Wealth.

The United States is not only the world's greatest producer of mineral wealth, but it possesses by far the greatest known reserves of any nation in most of the important minerals. This is one of the things that has made us great and which is destined to make us far greater as measured by world standards. In some instances, such as coal and oil and phosphate rock and radium ore, the United States possesses more than all the other known deposits of the world, and the only essential minerals of the first rank of which the United States has no known supply at all commensurate with its needs are nitrates, potash, salts, tin, nickel and platinum. But as it stands today no other nation in the world so nearly approaches absolute independence in respect to mineral resources notwithstanding the vast magnitude of our home consumption.—Review of Reviews.

Why Some Women Look Dowdy.

In the Woman's Home Companion Grace Margaret Gould, fashion editor of that publication, explains how fashions have to be applied differently to different individuals. A woman may be fashionably dressed and still look like a frump. Following is an extract from what she has to say:

"The new fashions, generally speaking, each season attempt to give grace and beauty to women as a whole, but for each individual one there must be discrimination.

"Fashion favors a style for everybody and everybody in style, but yet one woman's style is another woman's dowdiness, just as one man's meat is another man's poison. There is danger therefore in following blindly the dictates of fashion, for what is attractive for one woman may be ridiculous for another."

Geography.

There are many little errors of geography that are more or less prevalent. A glance at the globe, for instance, corrects the notion that France is just about east of England. Nearly half of France lies, in fact, west of Dover. Lisbon is not only west of London, but is west of the entire island of England and even west of Dublin. Even Madrid is west of London. It was not until the Spanish war and the Oregon's wonderful swing round the circle to join Admiral Sampson that this country came to see by the map that the whole continent of South America is east of New York. And not until Colonel Goethals got to work did we understand that the Pacific end of the Panama canal is east of the Atlantic end.—Topeka Capital.

Beauty of Zambesi Falls.

To realize fully the wondrous beauty of the Zambezi falls, Rhodesia, one must have time to linger and watch the ever changing scene. The depths of the chasm below are veiled from sight by the rising columns of opalescent mist and above the yawning abyss the sun glints and sparkles, weaving the drops into a magnificent rainbow. Three hundred feet below roars and boils the swirling flood as it emerges from the Boiling Pot, rushing on down the zigzag gorge between towering cliffs of rock, narrow, fierce and of unfathomable depth. — African World.

Harness Work.

Bill—What's your friend's business?

Jill—He's a harness maker.

"Well, here's something he may be able to succeed at. This paper says more than 400 patents have been issued by the United States for devices intended to harness the power of sea waves."—Yonkers Statesman.

Accumulative Stage.

"I always envy the man who can take life easy and let his money work for him."

"So do I, but unfortunately in a majority of cases a man has to work for his money before his money will work for him."—Boston Transcript.

The Operator.

"My brother had a part of his speech cut out the other day."

"What surgeon was the operator?"

"No surgeon; just plain telephone girl."—Exchange.

Color Scheme.

When a man with a yellow streak gets blue he turns green with envy of some one he thinks more fortunate.—Chicago Post.

He is not always at ease who laughs.—St. Evremond.

Michigan's 1913 mineral products were valued at $72,000,000.

Executors' Sale

At 10:30 o'clock A. M. on Saturday, May 29th, 1915.

The undersigned, executors of the estate of Daniel Thomas, deceased, will offer for sale at public auction at the south door of the court house in Newark, Licking County, Ohio, the following described premises belonging to said estate:

FIRST PARCEL.—Being the lot on the north side of the public square in the city of Newark, Ohio, on which is located a three-story brick building known as No. 4 North Park Place in said city, the lower floor of which is now occupied by the A. L. Rawlings music store, with the hallway rights and privileges mentioned in the deeds, to which said Daniel Thomas was a party, dated January 30, 1899, and recorded in Vol. 171, page 564, etc., and September 26, 1892, and recorded in Vol. 152, page 602, of Licking County deed records.

Said storeroom has a modern front, steel ceiling and other improvements which make the premises one of the most valuable business locations in the city of Newark.

SECOND PARCEL.—Being the lot on the south side of W. Main Street in the city of Newark, on which is located a three-story brick building known as No. 35 West Main Street in said city, the lower floor of which is now occupied by Criss Bros., funeral directors, with the joint easements and rights mentioned in the deed by which said Daniel Thomas acquired said property, dated March 5, 1888, recorded in Vol. 138, page 352, etc., of Licking County deed records.

Subject to the leases now held on a part of said premises by Criss Bros. and U. G. Parks.

The storeroom in said building has a steel ceiling, the entire building is in good repair, is a good business location and a desirable investment.

ALSO, at the same time, and in the same manner, will be offered for sale ninety (90) shares of the capital stock of The Licking County Bank & Trust Company of Newark, Ohio.

No bid less than $20,000.00 will be received on the first parcel, and no bid less than $10,000.00 will be received on the second parcel, above mentioned.

Terms of sale as to real estate: Cash on day of sale, or one-third cash, one-third in one year and one-third in two years from date of sale. Deferred payments, if any, to bear 6 per cent interest, payable annually, and to be secured by first mortgage upon the premises sold.

Said stock to be paid for in cash on day of sale.

The undersigned reserve the right to reject any or all bids.

ROBERT NORTHEY,
CHARLES L. FLORY,
As Executors of the Estate of Daniel Thomas, Deceased.

FLORY & FLORY, Attorneys. 13-14-15-17-18-19-24-25-26-27-28

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

The Olive Tablet Company, Columbus, O.

FRENCH REPORT ADVANCES MADE ON WEST FRONT

[ASSOCIATED PRESS TELEGRAM]

Paris, May 26.—The French war office this afternoon gave out a report on the progress of hostilities reading:

"The checks inflicted upon the enemy yesterday in the region of Angres and at a point to the north of the height of Lorette determined the Germans to come back with an attack of extreme violence. There was furious fighting last evening and during the night. We were successful in retaining all our gains. Our troops gave evidence of magnificent courage and showed splendid tenacity of purpose.

"The Germans in the beginning delivered a counter attack against the work captured by us to the northwest of Angres. Furious attempts to take this position were made by them time and time again. In spite of the exceptionally intense bombardment to which our troops were subjected, we retained possession of all of our new positions.

"Furthermore, at the end of the day, we occupied almost entirely the position near Buval where we gained a footing in the afternoon. Here we are maintaining our service under a violent fire. At the same time we have gained ground on the heights to the northeast of Lorette and we have captured a trench of the enemy in the environs of Souchez.

"An artillery engagement of considerable severity developed yesterday in the region of Soissons; there was another such encounter near Reims.

"From the rest of the front, no reports have been received."

DETECTIVES WEAR EVENING CLOTHES AT DANCE HALLS

[ASSOCIATED PRESS TELEGRAM]

New York, May 26.—Squads of policemen attired in evening clothes are making nightly rounds of the cabarets, restaurants and dancing parlors, it was learned today in the course of a police investigation as to the conduct of these places. The inquiry is the result of allegations made by a woman who recently caused the arrest of her daughter, an heiress, on the ground of waywardness, due, she asserted, to associations formed in the cabarets

Under the direction of Police Commissioner Woods, the squads of investigators are visiting the most widely-known dancing places in what is known as the "Upper Tenderloin." The commissioner was quoted as saying, that if these conditions proved to be as serious as alleged, an effort would be made to close the objectionable places, but he added, that he believed that Broadway is better now than it has been for some time.

PRESBYTERY

OF NEW YORK MAY BE INVESTIGATED BY COMMITTEE OF GENERAL ASSEMBLY.

Union Seminary Declared Outside of Presbyterianism — Conventions, Religious and Otherwise.

[ASSOCIATED PRESS TELEGRAM]

Rochester, N. Y., May 26.—Flushed with victory over the adoption late yesterday of the report of the special committee appointed to investigate the status of Union Theological Seminary, the ultra conservative element of the 127th general assembly of the Presbyterian church of the United States in session here was expected today to offer a resolution, providing for the appointment of a committee to investigate the New York presbytery.

Another resolution had been prepared declaring that in approving the report yesterday, the assembly did not mean to imply moral turpitude on the part of the directors of the seminary. Yesterday's action of the assembly means that the relations between the seminary and the assembly are exactly as they were before, that the seminary admittedly is outside the jurisdiction of the assembly inasmuch as it has ceased to be a Presbyterian institution.

Before the assembly convened today, it was reported that the executive commission would give a deliverance in the case of Charles Stelzle of New York, formerly a member of the Presbyterian home mission board, who has complained of being unjustly adjudged a Socialist on account of his writings and speeches. A declaration disappraving the trial of Mr. Stelzle, it is said, will, by indirection, relieve ministers of the Presbyterian church of the dread of being branded as Socialists because of their activity and interest in community service.

NORTHERN BAPTISTS TO ADJOURN THEIR CONVENTION TODAY.

[ASSOCIATED PRESS TELEGRAM]

Los Angeles, Calif., May 26.—The Northern Baptists convention which has beeen in session here since last Wednesday, was to complete its official business today with reports of various committees and delegates to the federal council.

One of the resolutions to be introduced by the committee which has had them under consideration several days recommends that all Baptist congregations, co-operative assemblies and organizations exalt the name of Christ by placing the words "Of Christ," after their respective names.

ASK EXEMPTION OF QUAKERS FROM MILITARY SERVICE.

[ASSOCIATED PRESS TELEGRAM]

New York, May 26.—An appeal to exempt Quakers from military service was forwarded to the state constitutional convention today by the Hicksite branch of the religious society of Friends, convening here.

A resolution will be sent to President Wilson, asserting that the Friends are opposed to the sending of ammunition from this country to belligerent countries and calling upon the nation to prohibit such traffic in future wars.

The Friends received information from Australia that several Quaker youths who had refused to enlist in the Australian army have been imprisoned there.

OPERATIVE MILLERS DISCUSS CHANGES IN THEIR BY-LAWS.

[ASSOCIATED PRESS TELEGRAM]

Cincinnati, O., May 26.—Consideration of the report of a committee appointed to amend the constitution and by-laws so as to provide for state and district branches of the national organization, was expected to take up most of the time of the convention of the fraternity of Operative Millers of America today.

The committee, of which C. H. chairman, was appointed at yesterday's session after suggestions had Bernard, of Wellington, Kans., is been made that the rules of the fraternity be changed so that the membership could be increased from 1100, the present figure, to 5000, and thereby allow millers who are unable to attend national meetings to send representatives. It was also asserted that the question of dues was urgent, and that the additional members were needed to strengthen the treasury of the organization.

Subjects to be discussed were: "Moisture Contents of Different Mill Streams," and "Loads and Power for Flour Mills."

A paper on "Cereal Dust Explosions," by David J. Price, of the United Bureau of Chemistry, was also on the program.

LUTHERANS ELECT OFFICERS AT THE AKRON CONVENTION.

[ASSOCIATED PRESS TELEGRAM]

Akron, O., May 26.—Delegates from all parts of the United States were in attendance at the opening session of the general synod of the Lutheran church at 10 o'clock this morning. The opening address was made by President H. L. Yarger.

Federal council of Lutheran Brotherhoods, which has been in session two days, closed with the election of officers last evening. All of the old officers of the council were re-elected as follows:

President, John L. Zimmerman, Springfield, O.; vice president, W. C. Stoever, Philadelphia; vice president, C. J. Driever, Chicago; record secretary, J. W. Kahler, Cincinnati, O.; corresponding secretary, Harry B. Gerhardt, Indiana, Pa.; treasurer, H. T. Domer, Washington, D. C.

A resolution, endorsing President Wilson's peace policy, introduced by former United States Senator Charles Dick, of Akron, was unanimously adopted.

UNIONISTS WILL BE INVITED TO SUPPORT CABINET

[ASSOCIATED PRESS TELEGRAM]

London, May 26.—An important meeting of Unionist members of both houses of parliament, was held today at the Carlton club, in connection with the political crisis and the formation of the coalition ministry. The purpose of the meeting was to acquaint the rank and file of the party with the details of the negotiations which resulted in the new cabinet and to invite their support in future action.

On account of the absence of nearly 100 Unionists, who are at the front or engaged in other ways in the war, the meeting was not as large as would have been the case ordinarily.

Renewed Offense Against Russians

Berlin, May 25.—(Via London.)—General Mackensen has renewed his offensive against the Russians north of Przemysl and yesterday he captured 21,000 prisoners, according to the official statement given out in Berlin today by the German war office.

JOHNSTOWN R. F. D. 4

Mr. and Mrs. Lorenz Gosnell were Sunday guests of M. D. Snyder and wife.

Mr. and Mrs. Elza Myers and daughter Mildred, spent Sunday with Mr. and Mrs. Frank Bline of Vanatta.

Mrs. Lucy Barrick called on Mrs. T. S. Bruce Friday afternoon.

Mr. Joe Dumbauld made a business trip to Utica Saturday.

Mr. F. P. Belt and wife spent Sunday with his brother, Mr. Ezra Belt and daughter.

Mr. and Mrs. Ralph Crotinger spent Sunday with the latter's mother, Mrs. Bessie Longwell of near Appleton.

F. P. Belt made a business trip to Utica Tuesday.

Mr. and Mrs. Marion Powers and son Harry and lady friend, spent Sunday with J. E. Powers and wife of New Way.

What Thin Folks Should Do to Gain Weight

Physician's Advice For Thin, Undeveloped Men and Women.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fads, physical culture stunts and rub-on creams, resign themselves to life-long skinniness and think nothing will make them fat. Yet their case is not hopeless. A recent discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargot. Six strength-giving, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. Evans' Drug Store and other leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has given splendid results as a nerve-tonic and vitalizer, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.

INCREASE

IN OUTPUT OF GASOLINE BY PROCESS DESIGNED BY DR. W. F. RITTMAN

Will Soon Become an Actuality, According to Announcement of Interior Department.

[ASSOCIATED PRESS TELEGRAM]

Washington, May 26.—Secretary Lane announced today that "excellent progress" was being made in development of the gasoline and benzol processes designed by Dr. Walter F. Rittman of the bureau of mines, to increase the output of gasoline by refiners and to make possible the production from crude petroleum of toluol and benzol which are the bases for dyes and high explosives. He said the gasoline process now was ready for "large scale industrial application," and the "hope is expressed that the benzol process will be ready soon."

The benzol process is being developed in cooperation with a chemical company in New York, which has agreed that "all patentable equipment, processes and ideas available as a result of the co-operative work will be turned over to the department to be dedicated to the public."

The department stands ready, Secretary Lane said, to enter into similar agreement with other companies.

AMBASSADORS OF NATIONS AT WAR MEET AT ZURICH

[ASSOCIATED PRESS TELEGRAM]

Zurich, May 25.—Via Paris, May 26.—The Duke of Avarna, Italian ambassador at Vienna; Baron von Macchio and Prince von Buelow, Austrian and German ambassadors to Italy, together with the staff of the Bavarian legation at Rome, all arrived here this afternoon. The Italian diplomat and his suite boarded the train which brought Baron von Macchio from Rome and continued his journey, while Baron von Macchio went on to Vienna on the special which brought the Duke of Avarna to this city.

The railroad station was guarded by troops from the Zurich garrison. Prince von Buelow was greeted by the German minister at Berne and the consul in this city. Before leaving, he sent a telegram to General Wille, commander of the Swiss army, thanking him for the arrangements made by the military authorities for his protection on the journey through Switzerland A similar telegram was sent to President Motta ,by Baron von Macchio.

WILL RESORT TO COMPRESSED AIR IN RAISING F-4

[ASSOCIATED PRESS TELEGRAM]

Honolulu, May 26.—The use of air to lighten the submarine F-4 in the final effort to drag the disabled war vessel to the drydock, probably will be resorted to, it was said today.

Work of raising the submarine which contains the bodies of the crew who lost their lives when the craft went to the bottom more than two months ago, was halted temporarily yesterday by a heavy swell which parted two of the lines attached to the hulk.

A scow will be brought along the submarine when it is raised to receive the bodies of the crew. Orders have been issued, excluding the public from the scene when the bodies are removed.

The F-4 has now been dragged within 250 yards of the harbor entrance and lies only 40 feet below the surface.

GOOD ROADS DAY BEING OBSERVED IN PENNSYLVANIA

[ASSOCIATED PRESS TELEGRAM]

Pittsburg, Pa., May 26.—"Good roads day" is being observed throughout Pennsylvania today in accordance with a proclamation issued by Governor Martin G. Brumbaugh. "Fifteen thousand men and several thousand teams are expected to take part in the improvement of highways in Allegheny county, while many women's organizations have agreed to furnish hot lunches to the workers free of charge

The state highways department estimates that 150,000 men will be at work throughout the state today.

EATING WHAT YOU WANT

Not to be limited in his diet but to eat whatever he pleases without discomfort is the dream of every dyspeptic.

Nobody can honestly promise to restore any stomach to this happy condition because all people cannot eat the same things with equally satisfactory results. It is literally true that "what is one man's food is another man's poison." But it is possible to select a pleasing diet from articles of food that cause no discomfort and it is possible to tone up the digestive organs.

When the stomach lacks tone there is no quicker way to restore it than to build up the blood. Good digestion without rich, red blood is impossible and Dr. Williams' Pink Pills offer the best way to build up the blood. They also have a direct action on the nerves and as the nerves control the processes of digestion, these pills are especially good in stomach trouble attended with thin blood and in nervous dyspepsia.

You can begin this treatment at once because your own druggist sells Dr. Williams' Pink Pills. Perhaps you are not eating the right foods. Sometimes the very things that people eat "for their health" are the things that hurt them. A postal card request to the Dr. Williams Medicine Co., Schenectady, N. Y., will bring a free diet book. Write for it today.

VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulator, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating — and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podophyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Sentanel Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers.

They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Sentanel Remedies Co., 802 Madison Ave., Covington, Ky.

AMERICANS

IN ITALY ARE EXPECTED TO HURRY FROM THE COUNTRY AT ONCE.

Of the Large Number There Most of Them are Art Students and Tourists.

[ASSOCIATED PRESS TELEGRAM]

Washington, May 26.—Although the effect of Italy's entrance into the European war on American citizens in that country has not yet become apparent in the state department's activities, officials expect that there will be a considerable exodus of Americans in connection with which a rush of work may develop.

Department officials are unable to estimate how many Americans there are in Italy but the number is large, many of whom it is said in anticipation of the breach between Italy and Austria applied to the department for documents establishing their American citizenship. Most of them are art students and tourists.

The department took steps some time ago to prepare for a possible rush of work at the consulates in Italy by sending there a number of assistants but the need of their services has been minimized by the fact that the United States is not burdened by caring for Austrian or other foreign interests.

LASSEN PEAK IS BLACKENED RUIN AFTER ERUPTION

[ASSOCIATED PRESS TELEGRAM]

Redding, Cal., May 26.—Lassen Peak, once beautiful in the symmetry of its summit and the wealth of timber that enveloped it, stands today a ruin, self-wrecked by its recent eruptions.

Its crater is shattered and down its western slope two black streams hid a mile wide separated by a ridge covered with ash-soiled snow extend for miles. These scars mark the path of the streams of lava and mud that spouted from the mountain during the great outburst Saturday night.

Government forest rangers reported today that they had been unable owing to the volcano's heat to venture near enough to the peak to ascertain the full extent of the changes wrought in the mountain.

LOSING HOPE WOMAN VERY ILL

Finally Restored To Health By Lydia E. Pinkham's Vegetable Compound.

Bellevue, Ohio.—"I was in a terrible state before I took Lydia E. Pinkham's Vegetable Compound. My back ached until I thought it would break, I had pains all over me, nervous feelings and periodic troubles. I was very weak and run down and was losing hope of ever being well and strong. After taking Lydia E. Pinkham's Vegetable Compound I improved rapidly and today am a well woman. I cannot tell you how happy I feel and I cannot say too much for your Compound. Would not be without it in the house if it cost three times the amount."—Mrs. CHAS. CHAPMAN, R. F. D. No. 7, Bellevue, Ohio.

Woman's Precious Gift.

The one which she should most zealously guard, is her health, but it is the one most often neglected, until some ailment peculiar to her sex has fastened itself upon her. When so affected such women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Cost of Going Cut in Two —California Expositions

Get up a party and go to the California Expositions. The cost has been cut in two.

Let me help you do it and explain how to go comfortably and see the most on the way.

Don't plan to take the fastest train you can find, and travel hickety split. You want to be able to see and enjoy the scenery. Take it easy and be sure to go through Colorado on your way out, sit at ease in your Pullman car and look out hour after hour on that glorious scenic panorama of Mountains and Valleys. Famous Pikes Peak, The Royal Gorge where ages since, nature in giant contortion, rent solid granite to make way for the wild and beautiful river which tosses through the backbone of the Rockies.

All those wonders you have heard tell of, and which you should see.

The Burlington Route (C. B. & Q. R. R.) runs Pullman Sleeping cars directly past all these places in daylight. Denver, Colorado Springs, Pueblo, over the mountains, and through Salt Lake City, to San Francisco and Los Angeles. No change of cars and no extra charge if you go by the Burlington Route. You don't make a trip like this often! Why not make the most of it? Let me explain it all and help plan a trip to fit your particular needs. Write today.

W. A. Taylor, G. P. A. Burlington Route, (C. B. & Q. R. R.) 208 No. Broadway, St. Louis, Mo.

PACKERS WANT GREAT BRITAIN TO PAY CLAIMS

[ASSOCIATED PRESS TELEGRAM]

Washington, May 26.—Representatives of the packers today continued their conferences with British embassy officials in an effort to get the British government to settle claims for detained cargoes of meat products consigned to neutral countries and to release ships detained since the British order in council was issued.

It was said that Ambassador Spring-Rice had indicated that his government would arrange to have tried promptly the cases of four detained ships laden with meat, which according to Alfred B. Urion general counsel for the packers, has been pending in prize court since December. These cases had been set for June 7.

The packers had requested the state department to take up their request pending further conferences with the British embassy.

Ambassador Page cabled Secretary Bryan today that Sir Edward Grey had given assurances that prize court proceedings in four of the American meat cargoes destined to European neutrals but held in British ports would proceed without delay on June 7. Sir Edward Grey requested that counsel for the packers be present. Alfred Urion, their general counsel, is preparing to sail Saturday.

Secretary Bryan in making public the announcement today said it was the result of negotiations here between Mr. Urion and Mr. Arthur Meeker of Armour & Co. and British embassy officials.

Conferences continued here today about 27 other cargoes. Mr. Urion said he was hopeful that a complete understanding would be reached. It is said an arrangement will be made for payment for the detained cargoes and that the packers will agree to make specific consignments of future shipments to neutral nations so as to avoid suspicion that they might be destined for Germany.

Uncle Walt

CONTENTED

I have a roof that doesn't leak. I have a suit of clothes to wear, and when rain falls or tempests shriek, I bask in my old rocking chair. I have a stove that keeps me hot. I have a corking book to read. I have a soupbone in the pot—what more than this does mortal need? The gilded gawds for which men sigh are all with disappointment fraught, the thousand things that wealth will buy are useless gimcracks when they're bought. I might go jaunting off to Rome or see the storied jonts of Greece, but I am happy here at home, and travel would disturb my peace. The wealth of kings can't make you glad, nor silk attire nor diadems a calm, contented mind my lad is better than a ton of gems. You won't find happiness, I fear by seeking it in distant lands while you go searching far and near behind your door it meekly stands. I have a kettle full of soup, I have some grapejuice in the flask, there is a rooster in the coop—what better could a mortal ask?

BLACK RUN R. F. D. 2

Rev. Miller preached at the Valley Sunday morning and took dinner at Sam Gilbreath's of Fallsburg.

Mrs. Sarah Weekly spent the past two weeks with her daughter, Mrs. H. W. Priest.

Mrs. C. C. Huff spent Sunday with Mrs. Emma Varner.

Mrs. Agnes McCamet of Kansas is visiting friends here.

Mr. and Mrs. A. E. Divan and children spent Sunday at Perryton.

Mrs. Granville Tomphson and son Garald were Perryton callers Tuesday.

Mrs. Sarah Weekly, Mrs. Willis Priest, Mrs. W. O. Beckham and Mrs. H. W. Priest and children spent Friday at Mrs. Emma Varner's.

It is proposed that a war medal of uniform design, and bearing the simple inscription: "I was there" should be distributed among all the allied troops.

BECKER

WILL MAKE NO APPEAL TO GOVERNOR WHITMAN FOR CLEMENCY.

Chief Counsel for Convicted Former Police Lieutenant Makes This Statement Officially.

[ASSOCIATED PRESS TELEGRAM]

Albany, N. Y., May 26.—The court of appeals today fixed the week beginning July 12 for the execution of former Police Lieutenant Charles Becker, convicted of the murder of Herman Rosenthal.

[ASSOCIATED PRESS TELEGRAM]

New York, May 26.—Martin T. Manton, chief counsel for Charles Becker, the former police lieutenant, whose conviction of the murder of Herman Rosenthal was affirmed by the court of appeals yesterday, was planning today to visit Becker at Sing Sing to confer with him concerning future action. Mr. Manton agreed with Becker stating that no attempt will be made to obtain executive clemency from Governor Whitman.

District Attorney Perkins said that in his opinion, Becker's only chance of escaping the electric chair is in newly discovered evidence or in an appeal to the governor.

Others asserted that Becker might appeal to a federal judge for a writ of habeas corpus or send a petition to a justice of the United States supreme court for a writ of error.

JACOB RUPPERT SR., WEALTHY BREWER, DEAD IN NEW YORK

[ASSOCIATED PRESS TELEGRAM]

New York, May 26.—Jacob Ruppert, one of the most widely known brewers in this country, and founder of the Jacob Ruppert Brewing company, died in his home here late last night.

Mr. Ruppert was 74 years old. In addition to the brewery property, Mr. Ruppert's realty holdings in and about the city are estimated to be several millions. Mr. Ruppert was a member of the Electoral college in the second election of Grover Cleveland as president. His son, Colonel Jacob Ruppert Jr., is now head of the great business founded by Mr. Ruppert and is part owner of the New York American baseball club.

25 Years Ago

(From Advocate, May 26, 1890.)

Messrs. George Kimball, Ben Jones, Abe Thomas, H. D. Sprague, Dr. Latimer and Wales Collins spent yesterday in Columbus.

Mrs. Thomas M. Jones and Mrs. E. S. Brown were called to Zanesville on account of the death of their aunt, Mrs. J. P. Northover.

At the home of Mr. and Mrs. J. M. Wells of Williams street this noon, their daughter, Lida, was united in marriage to Mr. William A. Grandstaff of Columbus.

A flag carnival will be given at the rink tomorrow night, for the benefit of the G. A. R.

15 YEARS AGO TODAY.

(From Advocate, May 26, 1900.)

Albert Bevar, an employe of the Jewett Car works, who was injured by some heavy pieces of timber falling upon him, is now improving.

Horace Forry, who is engaged in the manufacture of brick at Hanover, has returned from a trip to Detroit where he secured a big order for brick.

Mrs. Grace B. Kennedy is visiting Mrs. Frank S. Walker (nee Barrick) in Zanesville.

Brakeman M. J. Walter has returned to work after having been off duty for some days.

Fifty Years Ago Today. May 26.

Jefferson Davis and General J. C. Breckinridge, C. S. A., were indicted for high treason in raiding the District of Columbia in 1864.

General E. Kirby Smith surrendered the entire force of the Confederate transmississippi department, numbering 17,000 men, to Major General Canby, U. S. A. This surrender put an end to the dream fostered by many of a Confederate empire beyond the Mississippi.

Twenty-five Years Ago Today.

A reunion week of the blue and the gray was inaugurated at Vicksburg, Miss.

TRY THIS TO DARKEN GRAY HAIR

Harmless—Not a Dye—Acts on Hair Roots.

If your hair is gray streaked with gray, prematurely gray, thin or failing, apply, for a few times, Q-Ban Hair Color Restorer on your hair and scalp with the guarantee of a reliable dealer that it won't cost you one cent unless it beautifully darkens your gray hair and promotes its growth. It acts on the hair roots making gray hair healthy so the gray hair is beautifully and quickly darkened so evenly, naturally and thoroughly that no one can tell it has been used. In addition Q-Ban stops itching scalp, dandruff and falling hair, and makes gray hair thick, fluffy, soft, lustrous, beautifully dark and abundant. Q-Ban is not sticky or messy, harmless and makes scalp and hair clean and feel pleasant. 50c for a big 7 oz. bottle. At R. W. Smith's drug store, Newark, O. Out of town folks supplied by parcel post.

Library Business Meeting.
The annual business meeting of the Newark Public Library association will be held Thursday afternoon at 3:30 in Taylor hall.

"Rooster Week."
Local produce dealers are urging Licking county chicken raisers to support the rooster killing campaign to be conducted throughout the first week in June. It is expected that many thousands of roosters will be slaughtered at that time. The state agricultural commission has called upon the people of the state to help raise the standard of Ohio eggs by separating the ruler of the barnyard kingdom from his flocks by decapitation or other means during the first week in June.

Tire Thieves Busy.
Tire thieves are becoming very bold in several central Ohio cities, but no depredations of a like nature have been reported in this city. At Bucyrus thieves operated in several garages by obtaining entrance through windows, taking off supply tires, jacking up rear of machines and removing tires from rims of the rear wheels.

Petty Thieving.
Although hundreds of tourists and autoists visit Columbus daily and park their machines around the capitol grounds, the police department of that city fails to protect them from petty thieves who steal almost anything left in the machines. Scores of cases have been reported to the department but it does not seem fit to place plain clothes men nearby to apprhend some of the light fingered gentry and make an example of them. A number of Newark people complain that they have lost coats, wraps, dust coats, in fact, scores of articles. The practice could soon be stopped if the police department would take action.

Hanover Memorial Services.
Memorial services will be held at the M. P. church in Hanover on Sunday afternoon, May 30, at 1 o'clock. The memorial addresses will be delivered by Rev. Mr. Mitchell and Attorney A. S. Mitchell of this city.

C. C. Shaw Goes South.
Mr. C. C. Shaw of West Church street, will leave this evening for an extended visit in the South. He will visit his son, E. L. Shaw, who superintends the government farm at Washington, D. C., will take in the Confederate reunion at Richmond and then go to his old home in Bladen county, North Carolina, where he has not visited for forty-one years.

Display Old Glory.
Memorial Day will be celebrated in this city Monday. There is no better way to show your appreciation and your loyalty for the old veterans whom we are to honor than by displaying the American flag on that day. Old Glory should float in the breeze from every Newark home on Memorial Day.

Places Big Order.
The Pennsylvania company has announced that it has placed orders for 189 all-steel passenger and baggage cars, to cost approximately $2,000,000. The cars are to replace wooden equipment.

Carp Are Biting.
It is reported that a number of large carp have been taken from Buckeye Lake in the last few days. An exceptionally large carp was caught yesterday near Clay Lick which is said to have measured 32 inches in length, 20 inches in circumference and weighing 18 pounds.

Alumni Trouble.
The alumni at Tiffin threaten to become disrupted on account of trouble over dancing at the annual banquet. A few weeks ago it was decided by a small majority that there should be no dancing. This was during the big religious revival at Tiffin. A large meeting of the alumni decided to have dancing at the banquet following the commencement June 11, at which time 55 will graduate.

Chiropody Department Added.
The McEowen Beauty Shop in the Arcade has added a chiropody department which will be in charge of Mrs. Ecker. Mrs. Ecker is well known here having formerly been a resident of the city. She is an experienced cheropodist of much ability.

Rev. C. C. Elson Ill.
There is little change today in the condition of Rev. C. C. Elson, pastor of the First Methodist church, who has been seriously ill for several days at his home on Wooster street.—Marietta Times. Rev. Mr. Elson is well known here. He was a number of years ago, pastor of the First M. E. church.

Will Build New Home.
Howell & Thomas, the Columbus architects, have prepared plans for a new residence for Mr. and Mrs. R. F. Kilpatrick. Mr. and Mrs. Kilpatrick will build on a North Fifth street lot just south of High street.

Autos in Collision.
Two automobiles came together on the Jacksontown pike near the village Sunday evening but fortunately little damage was done and no one was hurt. Henry Emberry of Union street with his family, occupied one of the cars. The other was driven by a physician.

Sunday School Class Notice.
Mrs. L. C. Sparks' Sunday school class will meet at the home of Mrs. Conklin, 58 Summit street. Thursday at 2:00 o'clock. All members urged to be present.

To Undergo Operation.
Russell McCann, bookkeeper at the Phil Vogelmeier Transfer and Storage company, will enter the City Hospital this evening where he will undergo an operation on Thursday afternoon at 1:30 o'clock.

Improved in Health.
J. C. Southard of Grant street has returned from a visit to Magnetic Springs where he was taking treatment. He is greatly improved in health and able to get around and attend to his business.

Fined for Intoxication.
Ralph Palm, a barber, of Bellville, arrested Tuesday afternoon by Officers Donley and Hurbaugh on charges of drunk and destruction of property, was fined $5 and costs on each charge in police court, Wednesday morning. He was ordered committed until the amount is paid.

Undergoes Serious Operation.
Charlotte Bartlay, 9-year-old daughter of Mr. and Mrs. Robert Bartley of 41 North Pine street, underwent a serious operation on Sunday morning for removal of adenoids and tonsils by Dr. Carl Evans, assisted by Dr. Boyer. She is recovering rapidly.

RIDAPILE CONES
Germs irritate and enlarge the blood vessels, which creates piles
A new treatment for piles is a recent discovery of a New York Specialist. This scientific remedy contains a powerful non-poisonous germicide and antiseptic which removes the cause that creates piles without inconvenience to the user of these suppositories.
By the use of Ridapile Cones relief is quickly obtained; pain banished; itching immediately ceases; bleeding is stopped; protruding piles and hemorrhoids reduced after a few applications of the Cones when used according to directions, restoring these parts to their healthy condition.
Ridapile Cones remove the cause by killing the germs. The Cones exert a healing and soothing action and a trial brings immediate relief.
Ridapile Cones do not contain OPIUM, MORPHINE, COCAINE, or other NARCOTICS.
PRICE 50C. AND $1.00
Smith's Drug Store,
Arcade Drug Store,
City Drug Store,
Frank D. Hall's.
To prove the merit of Ridapile Cones write for free trial sample to Germicidal Products Corporation, 154 East 23d Street, N. Y.

NO PASSENGERS

(Continued from Page 1.)

and they considered it among the possibilities that the Nebraskan had struck a drifting mine.

Secretary Bryan said the state department's information was too meagre to permit the forming of an opinion. He said a full report with details of the attack was expected soon.

The Nebraskan was on her way home to fulfill a contract of her owners with the United States navy department to carry coal from Newport News to San Francisco. The agents were to have the Nebraskan in Hampton Roads June 5. She was not under charter to the navy but was to carry the coal as freight.

The official and news dispatches on the Nebraskan were communicated to President Wilson, but no comment was forthcoming from the White House. It was indicated that a full investigation would be made as promptly as possible.

The damage to the Nebraskan recalled at once an official quarters the German government's assurance presented by Count Bernstorff to Secretary Bryan on May 11, that submarine commanders had been specifically instructed not to harm neutral vessels not engaged in hostile acts and that Germany would pay for damage to such ships in the war zone. The German government's communication added in such a case it would express its regrets and pay damages without resort to a prize court. Increase of dispute of facts Germany offered to arbitrate claims at The Hague.

The status of the Nebraskan under international law brought out a variety of discussions today when news was received that the vessel was chartered to the White Star Line. Whether sunk by a mine or torpedo, a claim for damages might raise a complicated question, it was said. If the Nebraskan was in the service of a British concern, according to previous decisions in such cases, she would be a lawful prize liable to seizure and condemnation.

Chief Justice Chase has held that neutral vesels engaged in belligerent trade or service, become impressed with a belligerent character."

The fact that Americans were aboard the Nebraskan would require under the position taken by the United States that the vessel would be given due warning and her crew removed to a place of safety before destruction.

Officials here are interested in learning exactly what were the Nebraskan's arrangements under charter. If she struck a mine, responsibility would be difficult to fix as the United States government has never been able to determine whether Germany or Great Britain laid the mines in the open sea which destroyed the American cotton ships Evelyn and Carribean.

OWNERS RECEIVED WORD FROM CAPTAIN OF THE NEBRASKAN.

[ASSOCIATED PRESS TELEGRAM]

New York, May 26.—The American-Hawaiian Steamship company, owners of the Nebraskan, received a wireless message today from the Nebraskan's captain, relayed by cable in which the captain said the vessel had been struck by either a mine or a torpedo and that he had turned back and was proceeding to Liverpool.

The text of the message signed by Captain John S. Green was as follows:

"Struck either by mine or torpedo 48 miles west of Fastnet and steaming to Liverpool. Water in lower hold. No one injured."

SOME MYSTERY ABOUT DEATH R. R. OFFICIAL

[ASSOCIATED PRESS TELEGRAM]

Columbus, May 26.—Some mystery surrounds the death of E. N. Brown, assistant superintendent of the Baltimore & Ohio railroad with headquarters in Chillicothe, news of which became public today. Officials and employes at a leading hotel where Mr. Brown died early yesterday would make no statement further than the fact that he became suddenly ill during the early morning hours and that a physician was called.

The body was shipped today to Chillicothe.

DAMAGE CASE AGAINST B. & O. SETTLED TODAY

The damage case of Carl Reynard against the B. & O. railroad was settled today and a judgment entered accordingly. The suit was brought by Mr. Reynard to recover the value of a lost shipment of freight consisting of theatrical paraphernalia.

In the suit of Joseph H. Cornell vs. the T. & O. C. railroad and the B. & O. railroad, it was passed out of assignment on account of engagements of counsel before the supreme court. Plaintiff sues to recover damages to a shipment of hogs, claimed to have occurred by reason of delay in the movement of trains.

Real Estate Transfers.

W. D. Van Tassel to Ocie Grubb, lot 313 in Tallmadge second addition, $1, etc.

Chas. H. Swank as sheriff, to John Armstrong, parcel of land in Hopewell township, $725.

Chas. P. King to C. L. McLaughlin, lot 2549 in King's first addition, $1, etc.

Marriage License.
Irl W. Owings, a pharmacist, and Miss Lorena H. Miller, both of this city. Rev. L. C. Sparks named to officiate.

Commissioners Meeting.
The county commissioners held their regular weekly meeting today. Only routine business was transacted which included the allowing of a number of bills.

Divorce Petition.
Annie Hampton has filed a divorce petition in the common pleas court asking for a separation from Thos. Hampton. The petition alleges that they were married Feb. 16 1911, and defendant is charged with cruelty in that he called her vile names and charged her with intimacy with other men. Defendant is also charged with intoxication.

Estella Trenner has filed a petition in common pleas court asking that she be divorced from Clarence A. Trenner. They were married February 1, 1912 and the defendant is charged in the petition with being guilty of cruelty and adultery. It is also alleged that he left in March with another woman and abandoned the plaintiff. The latter states that she is not aware of her husband's whereabouts but believes him to be located at Johnstown, Pa. She asks for divorce, alimony and all proper relief.

GERMANS REPORT FRENCH ATTACKS UTTERLY FAILED

[ASSOCIATED PRESS TELEGRAM]

Berlin, May 26.—(Via London)—The German general army headquarters staff today gave out the following statement:

"In the western theatre—A night advance by the enemy against our newly acquired position west of the forest of Bellewaard easily was repulsed. The number of machine guns taken from the English was increased to ten.

"Northwest of Givenchy, colored British troops succeeded last night in capturing a projecting part of our outmost trenches.

"Further south, between Lievin and the Lorette hills, an extensive French attack commenced in the afternoon, failed completely.

"In the region to the north and to the south of the high road between Souchez and Bethune, the enemy had first succeeded in penetrating our trenches, but our counter attacks again put us in full possession of our positions. One hundred Frenchmen remained in our hands.

"In the region south of Souchez several repeated strong attacks directed by white and colored French troops against our lines completely broke down before our entanglements. Our opponents suffered heavy losses everywhere. During the battle in the Lorette hills a Silesian infantry regiment especially distinguished itself.

"An advance of the enemy in the eastern part of the forest of Le Pretre was easily repulsed. A hostile flying machine was brought down at a point south of Lens by our aviators.

"In the eastern theatre weak night attacks were repulsed.

"In the southeastern theatre—The attack being made by the army under General von Mackensen is making good progress. Southeast of Radymno, a crossing over the San river, was captured after Austrian troops had taken a bridge head to the west of the San river by storm."

Might Need It.
Chauffeur—"Would you kindly give me a reference as a careful driver, sir?" Motorist—"What! are you going to leave me?" Chauffeur—"Oh, no! I just wanted it in case of accident, sir!—Boston Globe.

COMMENCEMENT AT SUMMIT STATION HELD LAST SUNDAY

The exercises of commencement week at Summit Station opened on Sunday evening, May 16, with a class sermon by Dr. C. L. Williams of Denison University. Dr. Williams' sermon was both interesting and instructive, and was presented in very forcible language.

On Monday evening the junior class gave the seniors a most pleasant reception in Caraco's Hall. The hall was beautifully decorated in the class colors and during the evening refreshments were served in several courses. All present were delighted with the treatment they received at the hands of the juniors.

On Wednesday evening the seventh annual commencement was held in the M. E. church, which was crowded to its utmost capacity.

The class consisted of four young women and three young men, all of whom acquitted themselves in a most creditable manner. The class address delivered by Dr. J. A. Gray of Jackson, Mich., was the work of a finished orator, both in language and delivery. His thought was so tersely and pleasingly put that all agreed that he deserved to be called the orator of the silver-tongue.

In a few appropriate and well-chosen remarks, Supt A. B Newton then presented the diplomas to the class. Music was interspersed throughout the program by the Indianola male quartet, and was thoroughly enjoyed by all present.

The alumni banquet was held in the hall on Thursday evening. The hall was again most beautifully decorated, this time with the colors of the outgoing class. After the menu, consisting of five courses had been served to about seventy persons, Prof. E. T. Osborn presided in his characteristic and pleasing manner for the remainder of the evening. Several toasts were proposed and responses given and all agreed that the evening had been both pleasantly and profitably spent.

On Friday school closed with a picnic at the school building, many parents joining the teachers and pupils in the final feast.

The year has been one of exceptional interest in our schools and has been marked by progress along every line of school work.

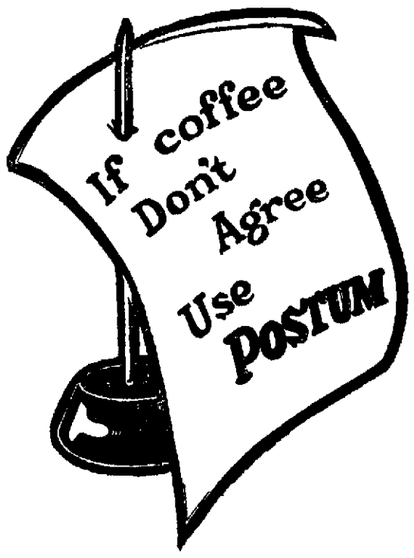

WILLIS TO SPEAK AT ARLINGTON WITH PRESIDENT WILSON.

[ASSOCIATED PRESS TELEGRAM]

Columbus, O., May 26.—Governor Willis and President Wilson will speak from the same platform next Monday. They will make Memorial Day addresses at Arlington, near Washington. The governor has been at work on the preparation of his address for several days, and is now putting the finishing touches to it. He will leave for Arlington Saturday or Sunday.

Bargains in the Wants tonight.

Stick This On Your Spindle

A Nurse Says:

"I've been a trained nurse for some fifteen years, and like many nurses, drank strong coffee. About two years ago I had to call a halt. I missed my coffee until some one recommended Postum, which I have used ever since, recommending it to many of my patients."

A Teacher Says:

"I have been a coffee drinker ever since I can remember. I have been teaching school for sixteen years, and became more and more nervous. I could not sleep. After reading some of your literature I decided to try Postum. I have been using it about thirty days; my nerves have improved; I have no headache; sleep peacefully, and am able to do my school work better."

A Doctor Says:

"I often find it necessary to prohibit the use of coffee for my patients, and have advised the use of Postum with good results to the nervous system and digestive apparatus."

When the time comes that you want to get rid of coffee troubles, quit coffee and use

POSTUM

—the pure food-drink.

Made of wheat, roasted with a bit of wholesome molasses, Postum is entirely free from the coffee-drug, caffeine, or any other harmful substance.

Both **Postum Cereal**—which has to be boiled—and **Instant Postum**—made in the cup instantly—are delicious, nourishing, and cost about the same per cup.

"There's a Reason" for POSTUM

—sold by Grocers everywhere.

STORM

VISITED THE VICINITY OF CINCINNATI, WITH OVER AN INCH OF RAINFALL.

Traffic on Several Interurban Lines Tied up, Causing Several Hours' Delay.

[ASSOCIATED PRESS TELEGRAM]

Cincinnati, May 26.—A heavy electrical and rainstorm visited Cincinnati early today and according to the weather bureau, a fraction of over an inch of rain fell. At the Fernbank dam, there was a fall of two inches and 15-100 recorded, while Maysville, Ky., reported the fall of three inches.

The storm tied up traffic on the interurban line above Ten Mile Creek west of New Richmond, also on the C. L. and A. traction line, and caused a two hours' delay on the Sedamsville traction line. Two supports under a bridge over Ten Mile Creek were washed away while a culvert under the Lower River road at North Bend collapsed.

WOMAN

(Continued from Page 1.)

went to the car stop, a short distance from the gate. The car was approaching at a fair rate of speed and the woman signaled for the stop.

In some manner the speed of the car was misjudged by Mrs. Taylor or she was not observed by the motorman and it struck her as she was crossing the track. She probably was killed by the first impact. Her body was thrown 20 or 30 feet, falling against the fence bordering the road at that point.

The car was stopped and backed up to the scene of the accident but when the car crew reached the woman's side she was dead.

The body was placed on board the car and taken to Hebron where it was placed in the morgue of Undertaker Chunis. It was brought to Newark on the 11 o'clock car and removed to the Taylor home, 77 Fulton avenue in the Bradley ambulance.

Mrs. Taylor was a native of the vicinity of Thornport. Besides her husband she is survived by three daughters and one son. The daughters are Miss Belle Taylor at the home, Mrs. Homer Whitmer of Thornville and Mrs. Charles Bope of Newark.

The son is John R. Taylor of Columbus, well known all over the country as an expert trap shooter. The children were all summoned to the home by messages announcing their mother's death.

Besides the husband and children Mrs. Taylor is survived by two sisters and one brother. They are Mrs. P. Marion Swartz of Union street, Mrs. Marion Crist of Jacksontown and Owen Tavener of near Jacksontown. She was the daughter of John Tavener well known in the vicinity of Jacksontown and Thornport where he lived for years.

Funeral services will be held at the home early Thursday afternoon and the body will be taken to Thornville where funeral services will be held and burial will take place.

Coroner W. L. Jackson visited the scene of the accident Wednesday morning. He will conduct an inquest later.

PROBLEMS

(Continued from Page 1.)

price at which the English hold the Honduras railroad bonds has so far been prohibitive it was explained, not because of their intrinsic value, but because of the lack of money.

Cuba looked into the possibility of a reciprocity treaty with the United States to replace the present one.

Bolivia was said to be in a critical state because of the lack of foreign capital for the development of that country, particularly for developing its tin mines.

The Nicaraguan delegates said that if American business men desire to increase their trade there they should grant long-term credit. They discussed the lack of adequate communication with the Atlantic coast and suggested the possibility of constructing a railroad from a point on the Lake of Nicaragua to the Atlantic.

Costa Rican delegates told of the need of foreign capital for making public improvements. The Paraguayan delegates declared it was absolutely necessary for Paraguay to obtain a loan in order to give the country sound money basis. The Peruvian delegates discussed the possibilities of international co-operation and said that Peru wants a branch bank.

Building of the New York barge canal made necessary the construction of 40 dams.

Lime-Loss in Tuberculosis

In the Journal of the American Medical Association (January 17, 1914) was the following:

"It has been many times stated that in tuberculosis or in the pre-tuberculosis stage an increased amount of calcium (lime) is lost, both in the urine and feces. In fact, a demineralization has been thought to be a forerunner of the development of tuberculosis * * *.

"Forced feeding of tuberculosis patients and the enormous amount of eggs and milk once given such patients are not now considered advisable by a large number of physicians who are specializing in the treatment of pulmonary tuberculosis."

If tuberculosis is due to a loss of lime from the system, the success of Eckman's Alterative in the treatment of this disease may be due, in part, to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated.

Always we have urged users of Eckman's Alterative to attend strictly to matters of food.

In addition to rest and proper diet, some effective remedial agent seems to be needed, and in numerous cases of apparent recovery from tuberculosis and kindred throat and bronchial affections Eckman's Alterative has supplied this need.

It does not contain opiates, narcotics or habit-forming drugs, so it is safe to try. Your druggist has it or will order it, or you can get it from us direct.

Eckman Laboratory, Philadelphia.

Obituary

Mrs. Susan A. Redman.

Mrs. Susan A. Redman, 61 years old, widow of Francis M. Redman, died Tuesday night about 11 o'clock, at the home of her daughter, Mrs. Dan Weiss, 44 Decrow avenue, following an illness of brain fever.

Funeral services will be held Thursday afternoon at 2 o'clock at the daughter's home, Rev. P. H. Fry officiating. Interment at Cedar Hill cemetery.

Mrs. Redman was a daughter of Lamson Williams and was born in this county, Nov. 6, 1853. She was married Dec. 28, 1876, to Mr. Redman, who died in 1895.

Four children survive. They are Mrs. Daniel Weiss, Mrs. Frank Hoy, Bertram Redman of this city and John W. Redman of Columbus. Six sisters, four residing in Newark, one in Columbus and one in New Lexington also survive. She leaves eight grandchildren.

The deceased was for many years a member of the Methodist church.

Card of Thanks.

We wish to thank the neighbors and friends and the order of Eastern Star and Rev. Hazlett for their kindness during the sickness and death of our wife and mother. D. H. Alspach and son. 26-1t

HAVE ABANDONED CHURCH; WOULD SELL PROPERTY

Jasper Hall, John Hilbrant, Benj. Quick and Frank Moat, trustees of the Licking Christian church of Bennington township, have filed a petition in the court of common pleas asking permission to sell the church property, and the ground on which it stands, less than one-fourth acre. They allege in their petition that the church organization has become extinct and that the property has been abandoned for use by the congregation, and that no church services have been held there for the last 13 years.

The church is a frame building and is rotting down. The plastering is falling off and the roof has been partially destroyed. The members are few in number and no debts stand against the property. The trustees petition that the property be sold and after the expense of same is paid, that the proceeds be equally divided between the Fairview church, near Homer, Licking county, and the Utica, O., Christian church.

PRESIDENT OF ERIE RAILROAD WAS INDICTED

[ASSOCIATED PRESS TELEGRAM]

Cleveland, May 26.—Frederick B. Underwood, president of the Erie railroad company and the Delaware and Hudson railroads, was indicted here today by a special federal grand jury.

Violation of the interstate commerce laws are charged.

The indictment charges that in July, 1912, W. B. Miller, former president of the Diamond Rubber company, Akron, and seven friends were allowed the use of a private car for a trip from Akron to Beverly, Mass., upon payment of eight fares. Under the interstate commerce law, a private car can be allotted only upon payment of 25 full fares.

MOTHER SUICIDES AFTER MURDERING A YEAR OLD BABY

[ASSOCIATED PRESS TELEGRAM]

New York, May 26.—Mrs. Charlotte O'Neill, wife of Francis O'Neill, an architectural engineer, employed by the Brooklyn Rapid Transit company, was found dead today with a bullet in her heart in a bedroom of her home at 511 Eastern Parkway, an exclusive residential section of Brooklyn.

In an adjoining room lay two of her three children, Josephine, one year old, and Francis, aged four, with cords drawn tightly around their necks. The boy was later revived, but the baby died.

The bodies were found by Mrs. Meiden, Mrs. O'Neill's sister. Detectives who visited the O'Neill home said that it was their theory that Mrs O'Neill became suddenly demented, tied the cords around the children's necks and then, believing them dead, shot and killed herself. A revolver lay near her body.

WIDOW LIVING IN ITALY WILL GET THE AWARD.

[ASSOCIATED PRESS TELEGRAM]

Columbus, May 26.—For the accidental death of Francisco d'Onofrio, an Italian reservist, recently while employed by a brick company at Conneaut, his widow who lives in Italy, will receive $2,159 from the state of Ohio, to be transmitted through the Italian consul at Cleveland. This award was made her today by the state industrial commission from the workmen's compensation fund.

Logical.

Author—"I can't get an angel for this play." Manager—"Then there'll be the devil to pay."—Baltimore American.

Mrs. Muggins—"My husband is a firm believer in the power of the press." Mrs. Buggins—"Yes, I notice he always hides behind his newspaper when he has a seat in a crowded car."

Chile has 8000 miles of telephones worked by an English company.

PETITION

OF FOUR PRINCIPAL EXPRESS COMPANIES HEARD BY COMMERCE COMMISSION

Asking for Modification of Rate Orders That Would Increase Their Revenues.

[ASSOCIATED PRESS TELEGRAM]

Washington, May 26.—Representatives of the four principal express companies appeared before the interstate commerce commission today to justify their petition for a modification of its rate orders which would increase their gross revenues about 3 and one-half per cent.

The companies say they do not wish to alter the fundamental rate plan, but that these changes should be made in terminal allowances and a reduction be permitted in the weight allowance per 100 pounds from 25 cents to 20 cents.

In their petition presented to the commission in March, the four companies set forth that ten months operation under present conditions made a deficit of more than $2,700,000.

The petitioning companies represent 95 per cent of the express business in the United States.

RAILROAD

(Continued from Page 1.)

brakemen on every passenger train but permits one of them to act as baggageman. He said this is objectionable to railroad employes. The governor's attention was called to what is said to be a feeling of dissatisfaction by labor interests over the state concerning legislative action on their measures.

Governor Willis had another day in which to sign the Gallagher bill abolishing the compulsory mine run system in coal production and it was said at his office he probably would not sign it today. He has discussed the bill's merits with a number of persons informally during the past week, it was learned. The governor's attitude toward the Jackson bill which would have created a new financial system for cities, was the subject of a conference between him and Representative Jackson of Clark today. It was said the executive would not change his policy of hostility toward the bill which was passed, then reconsidered and killed by the senate. Second reconsideration of the bill when the assembly convenes for its final session tomorrow, has been proposed.

The conference committee on the Sprague so-called gerrymander bill, continued today its efforts to devise a congressional map that will be accepted by both houses. Representative Reighard of Fulton, a member of the committee, said the most difficulty was encountered in trying to fix boundaries for the fifth and 17th districts. It was reported a compromise had been reached tentatively to make the fifth district consist of Williams, Fulton, Defiance, Henry, Wood, Paulding and Van Wert counties, omitting Putnam, which the senate added to the house draft. The 17th district then would consist of Summit, Portage and Wayne counties in accordance with the senate plans. Both senators and representatives expressed in private hostility toward these arrangements, however. Members of the conference committee said informally they feared they might not be able to develop a redistricting measure agreeable to both houses.

No other conference committees had met before noon, but legislators were returning from their homes during the day for the session which convenes tomorrow morning. Clerks worked frantically today trying to have printed all bills which have been passed so that Speaker Conover and Lieutenant Governor Arnold may sign them tomorrow.

The finance committee spent part of today inspecting the campus and buildings of Ohio State university. They ate luncheon prepared by domestic girl students; were entertained at a moving picture exhibition in the engineering college and given a reception by women students at Oxley Hall.

THIN FOLKS MADE FAT

Good, healthy flesh can only be gained by the use of the proper food, together with natural action of the organs of assimilation. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh forming food and health restorer. Weigh yourself before commencing to use these little tablets, and see how your weight increases from week to week.

Samose does not contain a particle of starch or pepsin, nor is it any nauseating preparation such as is usually recommended to make people fat and which does not build up good healthy tissues. Samose has valuable flesh-forming properties, tones up and strengthens the whole system helps the food that is eaten to be assimilated in a natural manner and absolutely restores health to all the organs.

Berry Boxes Are Tampered With By Man On the Market

Mayor Bigbee and Police Chief Sheridan Wednesday morning interviewed a market man with a stand on the street and told him that unless he stopped the practice of tampering with the boxes of strawberries, he would be refused permission to sell anything in the city.

By bending the four sides of the boxes inward, they were made to hold less than the makers intended. It is estimated that an extra quart or more berries per crate were gained by this practice.

CLARENCE EGAN
FUNERAL DIRECTOR,
East Main Street Auto Phone 1480, Bell 29

Associated Charities

BULLETIN NO 33

"Business and Charity" is a theme which should interest every business man of every community, because every community has a dependant class which demoralizes business.

A grocer said to me yesterday—"There are a thousand people in Newark who are poor pay or no pay, and a continuous drag on the business of the town." And the grocers know the situation better than any other class in town. They have fed the hungry and run accounts which they know cannot be collected. They have borne more than their share of this burden during the past winter and still they are carrying a load out of all proportion to duty.

Organized Charities recognizes emergencies and meets them as we have done in Newark this year. Organized Charities also recognizes a duty to the sick and the aged, and to those who are disabled by accident and by the diseases of occupations. We believe it to be the duty of the community to care for these classes by public funds and occupational insurance and other protective measures.

But Organized Charities also insist that it is the duty of every able-bodied man to support himself and his family on a basis of normal living. And when a man fails to do this, we believe it to be right and the duty of the community to see that this man does support his family. If he cannot get work, then it should be furnished him; if he is inefficient, then the case should be found and cured, even though the treatment may not please the patient. If a man is lazy, and won't work, then he must be made to work, and neither be supported by his over-worked wife, nor by an over-indulgent community.

Organized Charities sets itself to this task—to help secure the conditions which make for efficient citizenship and community welfare and prosperity, and then to help bring every family and individual of the community to independent self-respecting citizenship, such a citizenship as will be an asset to the business of the community.

We invite the business men of Newark to attend our annual meeting, to hear the reports of what we have done, and to join hands with us in the effort to cure the disease of poverty in this city.

W. E. HOPKINS,
Superintendent.

BOTH MAN AND WIFE SOON FOUND HELP

Eloquent and Thankful Words From a User of Nerv-Worth.

Below will be found another of those telling Huntington Nerv-Worth endorsements, which are helping to sell 140 bottles of the remedy every week in that West Virginia town. It was written by Thomas Hedrick of 2504 Ninth avenue, that city and is as follows:

"My wife and I have used four bottles of Nerv-Worth and we are BOTH CURED NOW. My wife was very nervous and suffered with poor circulation and general run-down condition, poor appetite, no sleep and all ailments that would break down her system. My trouble was pretty much the same as my wife's, but I had to work when I was not able to do so. Am working 9 hours now much easier than 7 hours before I took Nerv-Worth."

Note that Mr. Hedrick doesn't merely speak of being relieved. "We ARE BOTH CURED!" That's what he says. And 4 bottles for the two patients turned the trick.

The T. J. Evans drug store sells Nerv-Worth $1.00 a bottle. Money back if it fails. Nerv-Worth overcomes indigestion, dispepsia, dizziness, sleeplessness, trembling, bowel trouble sick and nervous headache, pains in side, back, chest or head and a run-down condition in general.

In the reign of Philip III of France women were forced to wear veils in obedience to ecclesiastical decree.

Glass windows were first used in private homes in England in 1180.
